THE BROOKLYN SCANDAL.

That Memorable 2d of June Interview.

Mrs. Moulton and Her Uncle Jeremiah Recalled.

The Counsel Argue the Question of Admitting a Certain Conversation.

NEW YORK, May 10, 1875.

The Brooklyn City Court room was crowded this morning, and the great scandal trial was resumed. Mr. and Mrs. Beecher came in early, and Mr. Tilton, Stephen Pearl Andrews and Kate McDonald sat with plaintiff's lawyers. The counsel on both sides and all the members of the jury were prompt.

The First Witness

was Geo. A. Bell. He testified: I have no remembrance of the West charges, but remember the proposed deacons' meeting after the Woodhull charges were made.

Mr. Shearman objected to this evidence, on the ground that the matter had been fully gone into on the direct examination.

Mr. Fullerton said he believed this was so, and passed to another subject.

Witness continued: I remember an interview with Mr. Beecher in the middle of December, 1870, about Tilton's domestic difficulties; Beecher saw me in his own house, where I went at his request; Beecher requested my opinion about visiting Mrs. Morse; he stated to me that he had been sent for by Mrs. Tilton to consult with regard to domestic affairs in her household, and that she was at her mother's house and had left her husband; he said

Tilton's Conduct

with regard to licentiousness was very lowl that he had been called on by a young gir in Tilton's household, who told him of Tilton's conduct toward her; he proposed to hand the matter over to Mrs. Beecher, who was to go and see Mrs. Tilton the next day; the question came up about a permanent separation, and he asked me what I thought about it; I said nothing else could be done; he asked me if the advice of the ladies of the church should be called; I said not, that it could be managed by a few better than by a large number; it was better in his and Mrs. Beecher's hands; I had an interview the next day with Beecher; I have the letter at home calling for this interview, and I think the date is on it.

The witness was not cross-examined.

The Next Witness

was Lewis J. James, Superintendent of the Health Life Co. He said: I have known Mr. Beecher by sight for about ten years, and was introduced to him in the Spring of 1871; I saw him at nine on the morning of the 2d of June, 1873, on the Carnage roadway at the Wall street ferry, coming from the direction of Columbia Heights, and he was going in the direction of Remsen street; the 2d of June, the date of my marriage, is a very pleasant day with me, and I always make it a special holiday. Beecher's face wore a down-cast expression, and he did not recognize me.

Cross-Examined.

I think he had a gloomy face and wore no overcoat. The weather was warm. My recollection is that it was a day to dispense with overcoats. I could not recollect what kind of hat he wore, nor how long before this I had seen him. When I first saw Beecher he was in Montague Terrace, I think on the side of the bridge toward Columbia Heights. The bridge is over the roadway leading to the ferry. I was walking down Montague street, and he was coming at right angles to my course. He crossed before me, and I had a profile view of his face. His eyes were cast on the ground and his brow was corrugated. I saw Beecher turn into Remsen street, going in the direction of Moulton's house. After seeing Beecher I went to my office for a short time, and then went home, a little earlier than usual. That was a semi-holiday with me, and I saved a little of the fag end of the day. Last Saturday I was applied to as a witness in the case.

Jeremiah P. Robinson Recalled.

Jeremiah P. Robinson, re-called and testified: I know Emma R. Moulton; she is a niece of mine; I probably saw her in the month of May, 1873.

Witness was asked if he remembered a conversation in June, 1873, with Mrs. Moulton, in which she related to him her interview with Mr. Beecher on the 2nd of that month.

To this Mr. Evarts objected, and General Pryor argued on behalf of its admission on the ground that the conversation between witness and Mrs. Moulton took place before it was advanced by the other side, that the interview of June 2nd, 1873, was a fabrication.

Counsel quoted from Taylor on Evidence, and from Greenleaf on Evidence, and other legal authorities, at some length in support of the witness' testimony. Concurrence was unanimous in the course they advocated, and stood unchallenged in the law of evidence. It was one of the lights set up for the guidance of truth, and rash would be the hand that would endeavor to extinguish it.

General Pryor Attacked with Vertigo.

While the speaker was in the height of his argument he stopped suddenly, and said: "If your Honor will pardon me a moment, I have an attack of vertigo," and then sank down in his chair. The windows were thrown open, and in a few minutes Mr. Pryor had recovered, and rising, said he thought he had made a clear case, and was about to continue, but was again overcome, and had to sit down.

It was suggested that a recess should be taken half an hour before the usual time, but to this Mr. Pryor demurred, and rose again and quoted from General Tracy's address in regard to Mrs. Moulton's appearance in the case, when it was imputed that she appeared as a witness under the influence of her husband.

Counsel also quoted from Beecher's testimony when he said that Mrs. Moulton had not made the statement against him of her own accord. Counsel offered to prove that Mrs. Moulton, of her own volition, told this same story long before she told it to this Court and jury.

Mr. Pryor then closed suddenly, saying that he was unable to continue the argument.

General Pryor, leaning on the arm of a friend, then left the Court room to seek a fresh and pure atmosphere outside.

Mr. Evarts replied to the arguments of General Pryor, contending against the admission of this testimony offered by plaintiff's counsel, charging it as mere hearsay evidence.

Mr. Evarts was interrupted in his argument by the arrival of the hour of recess.

After the recess Mr. Fullerton said that Mr. Bell had been kind enough to enclose him the letter spoken of in his testimony, which was read by the counsel. The letter was dated December 15, 1870, asking Bell to step up to No. 154, as the writer wanted to see him on important business, and was signed "H. W. B."

Arguing a Knotty Point.

Mr. Evarts then continued his argument in regard to the offer of proof by the other side as to what Mrs. Moulton had told Jeremiah P. Robinson of the interview she had on the 2d of June, 1873, with Beecher. Mr. Evarts argued that this was the most dangerous and pernicious form of hearsay evidence created by the witness before he came into Court. Was it permitted for Moulton or Tilton to bring in evidence of something they may have said during the past three or four years corroborative of what they may have said on the witness stand?

Gen. Pryor was still absent from the Court, and Mr. Fullerton replied in his place. He said Mrs. Moulton testified to an interview with Beecher. This Beecher denies, and he declares that Mrs. Moulton was acting under the influence of her husband, and that this story was concocted. Now, how were they permitted to disprove Beecher's statement except by having this evidence brought in, and the allegation that it was a late invention could only be disproved by the testimony of this witness as to a conversation Mrs. Moulton had with him.

Counsel quoted from numerous legal authorities, and said that Mrs. Moulton's position was not changed since June, 1873, when her husband was the best friend that ever God gave Henry Ward Beecher, and in 1864 Beecher was led to believe by two lawyers that Moulton was a blackmailer and Mrs. Moulton sympathized with her husband, and her attitude, if she came on the stand to-day, would be as different as light was from darkness. When it would be shown that she whispered this story in the ears of her confidential friends and relatives after the interview occurred, what then became of the statement that the story was originated in 1874?

Judge Neilson said there was no doubt that they all argued to the general rule, and this evidence would not be offered save for an aspersion cast on Mrs. Moulton in the opening. What troubled him was, that if they received the evidence, would it be taken as evidence in the cause? He would like to know what effect it would have on the minds of the jurors.

Mr. Beach replied that it was not offered for that purpose, but only to clear Mrs. Moulton's character.

Mr. Evarts contended that this was not proper evidence to bring into the case, and said that the rule in the 12th of Wendell was exploded, and in it there was not a word about exceptions. There was not a Court in this State which had admitted evidence under this exception.

Judge Neilson said that the real basis of this matter lay in the opening of the defendant's counsel, and if not supported should not have been made. It did not seem to be entitled to the respect of being called an uncharitable allegation. He decided that the evidence could not be given.

Mr. Beach excepted to the ruling of the Court, and said that he offered the testimony of Mrs. Eddy in the same relation as Mr. Robinson.

Mr. Evarts said the counsel on the other side could not prove anything said by Mrs. Moulton before this trial.

Testimony of Mrs. Sarah Eddy.

Mrs. Sarah Eddy was then called to the stand and testified: I am acquainted with Mr. Moulton and his family, and was in the habit of visiting Mrs. Moulton. I know Mr. Henry Ward Beecher since 1871. I met him on the steps of Mr. Moulton's house early in the morning of June 2d, 1873. I was going into the house. He was coming down. He did not salute me nor do I think he saw me. Mrs. Moulton opened the door for me without my ringing. Mrs. Moulton seemed greatly agitated. I spoke to her about her appearance.

Mrs. Moulton Recalled.

Mrs. Emma R. Moulton was then recalled, and testified; I am acquainted with Mrs. Eddy. She called on me on the day of Mr. Beecher's interview with me. Beecher was then just leaving the house when she called.

Mr. Fullerton said this was all he had to ask witness about Mrs. Eddy, but he would have to call her at a future point of the proceedings.

Cross-examined.

Mrs. Eddy called on me on the 2d of June, 1873. I repeated the conversation to her. I only fix the date of the call by the conversation I had with Beecher on that day.

Mrs. Moulton here left the Court room with her husband, who had accompanied her and Mrs. Eddy.

Testimony of One of Tilton's Servants.

Mary Catharine McDonald, a servant in Tilton's family many years, was then sworn, and testified: I reside at present with Mr. Tilton. I did not stay there altogether, but came and went when I pleased. I did this ever since he has been married. The last three or four years I have been there altogether, except three or four weeks. I generally went to her parents in the Summer at Keyport, N. J. I was at Mr. Tilton's when Mrs. Tilton went to Monticello. It was in July about four years ago this Summer I think she went more than once. I have a letter written me by Mrs. Tilton from Monticello, but it is at Keyport. I went down to Keyport on the following Monday, and Miss Turner came down Tuesday. I think when I left Tilton's that day Mr. Greeley was not there, but he expected him. I assisted the day I left in making arrangements for Mr. Greeley. Tilton gave Bessie Turner money to go to Keyport. I did not know when she went, but she did not come to Keyport that day. She left the house at 10 or 11 o'clock. Tilton gave her either a two or a five dollar bill.

The Court here adjourned.

FORT TICONDEROGA.

Centennial Celebration of the Capture of the Fort by Col. Ethan Allen.

FORT TICONDEROGA, N. Y., May 10.—The Centennial celebration of the capture of Fort Ticonderago by Col. Ethan Allen took place here to-day. The day opened with occasional showers of rain. At sunrise the celebration begun by a reveille and a salute of thirteen guns in honor of the original States. Invited guests were received by Post Alfred Weed of the Grand Army of the Republic of Ticonderoga, after which thousands present partook of a collation spread among the ruins of the fort, on meadows and in the summer hotel, which was opened for occupation. Large delegations were present from the principal towns of Northern New York and Vermont, including several posts of the Grand Army of the Republic and numerous military organizations. At least six thousand strangers were in attendance when the exercises commenced, and guests were still arriving in great crowds. The memory of Ethan Allen was celebrated with a spirit of patriotism and enthusiasm due the hero, who, in the name of the "Great Jehovah and Continental Congress," captured the old fort. The line formed under the direction of Colonel Egolf, of Troy, Grand Marshal, and moved to the fort grounds over the route taken by Ethan Allen. The processionists were drawn up in front of the speaker's stand. The exercises were witnessed by immense crowds with great enthusiasm. The programme was as follows: Music by consolidated bands, prayer by Rev. L. V. Price music, address of welcome by the President of the day, Col. W. E. Calkins, oration by Rev. F. J. Cook, music, reading of a poem, "Centennial Bell," by Prof. Bradford, of Bennington, Vt., remarks by General E. L. Cole, of Troy, N. Y., and other guests, and music—"America."

The principal oration was delivered by Col. Wm. E. Calkins, who concluded his address as follows: "I tender to one and all a hearty welcome, trusting that all will join heart and hand in the celebration of the day. We cannot be unmindful that the actors of a hundred years ago heed not the drum beat of to-day, but we feel assured that their spirits are marching on, and when the marble which marks the resting place of Ethan Allen and his eighty-three Green Mountain Boys shall have yielded to the crumbling hand of Time, their memories and example will live, gathering brighter lustre with increasing centuries."

Mr. Cook's oration was a review of the history of Ticonderoga and the life of Ethan Allen, with impressive lessons drawn therefrom. He urged that the spirit of our forefathers still animates Americans, and that upon its preservation, in which he has great faith, depends the success of our Republican institutions.

General Cole, of Troy, delivered an impromptu speech, which was replete with historical reminiscences and sketches, as well as eulogistic of the brave men who imperiled their lives for the independence of the colonies.

Letters were read from Gov. Tilden, of New York; Governors Peck, Paige and Stewart of Vermont; Col. Ethan Allen, of New York, and Abel Ripley Torrey, of Detroit, a son of one of the brave patriots who accompanied Col. Ethan Allen in his celebrated exploit. Altogether the celebration was worthy of patriotic American people as well as a great tribute to the patriotism and self-sacrificing devotion of the pioneers of our republic.

THE MINERS' WAR.

The Strikers About Succumbing—A Breaker Burned at Excelsior—Parade of the M. and B. L. A.—Intimidation at the Hickory Bridge and Lacaster Collieries.

READING, PA., May 10.—The *Eagle*, this afternoon, publishes the intelligence that all the railroaders sent to the Schuylkill coal regions to take the places of the suspended men returned Saturday night, to remain away, as the Union railroaders in the regions have renounced their organization, and have asked the Reading Company to put them to work again, which has been done with a few exceptions. Returned railroaders report much suffering in the regions on the part of the miners, and say there is a strong probability that the men will go to work in spite of advice to the contrary from the leaders.

POTTSVILLE, PA., May 10.—The Enterprise breaker, owned by the Enterprise Coal Company, at Excelsior, was destroyed by fire last night. It is supposed to be incendiary.

HAZELTON, PA., May 10.—The M. and B. L. A. had their annual parade here to-day. The demonstration was a success, the entire Lehigh region being represented. 3,647 persons were in the procession. Everything passed off quietly, and there have been no disturbances. The men insist they can hold out for several months.

POTTSVILLE, PA., May 10.—To-day 300 men from Locust Gap went to the Hickory Ridge and Lancaster collieries and compelled the miners to stop work, giving them to understand that if caught at work again they would come down with reinforcements and kill the whole party at work and burn the breaker to the ground. This is the first open threat made to take life and burn coal property since the strike commenced. After the threats were made a private consultation was held, and the men declared they would stick to the Miners' Union and fight it out, after which the mob scattered in various directions.

MILWAUKEE.

Raid on Distilleries and Rectifying Establishments by Government Officers.

MILWAUKEE, May 10.—A party of officers, under charge of Supervisor Hendricks and Capt. Brooks, of the Secret Service Division of the Treasury Department, arrived here to-day and entered upon the work of seizing distilleries, in connection with the Collector of the district. The rectifying establishments of A. Schoenfield and Rindskopf Bros., and the distillery of the Menominee Distilling Co. were seized, and the distilleries of Thos. O'Neill, Kennickinnick Distilling Co., L. Rindskopf, Chas. Grau and F. Bergenthal were placed in charge of keepers. It is understood that all distilleries in the district will be seized, with two exceptions. The character of the evidence upon which the seizures were made is not disclosed.

Discharging and Storing Grain.

BUFFALO, May 10.—The cargoes of two vessels now in sight of port, and of others to arrive, have been contracted to be discharged for three-eighths of a cent per bushel, including ten days' storage in a first class elevator.

The Lexington Races.

LEXINGTON, May 10.—First race, for 3 year olds; won by Tenbrock. Time 2:11¾.

Second race, 1½ miles dash; won by Monmouth.

Third race, 1 mile dash; won by Pennington. Time 1:55½.

THE SCHILLER DISASTER.

Only Fifteen Passengers Saved.

Boats Picking Up Dead Bodies.

LONDON, May 10.—The sea is too heavy to-day for boats to approach the wreck of the steamship Schiller. No cargo of any importance has yet been recovered. Fishermen report that the Schiller is firmly settled on the rocks and will not fall off into deep water. Although it is difficult to approach the wreck now, there will be many days in summer when salvage may be effected.

Life Belts.

There was a life belt in every one of the Schiller's berths when the disaster occurred. Captain Thomas issued orders that one should be fastened to every woman, but the women were drowned by the heavy sea.

Picking Up Dead Bodies.

The boats cruising in the vicinity of the Schiller continue to pick up the bodies of the drowned. When the steamer left St. Mary's island to-day, nearly fifty bodies had been found. Seven mail bags, in addition to those reported recovered, have been saved. They contained mostly San Francisco and Auckland newspapers.

Only Fifteen Passengers Saved.

NEW YORK, May 10. — There were but few visitors at the offices of the Eagle Line of steamships this morning. About a dozen friends of lost passengers were present, but soon left on hearing the following cable dispatch read, which was received:

"PLYMOUTH, May 10.—Consul Kuher, New York: Only fifteen passengers were saved from the Schiller, the names of which were telegraphed you yesterday from Scilly. We are doing everything to recover and identify the bodies."

A Washington Lady Among the Lost.

WASHINGTON, May 10.—Miss Caroline M. Crane, of this city, one of those lost by the Schiller disaster, was a niece of the wife of Senator Edmonds, of Vermont, with whom she passed the winter in this city. She was a highly accomplished young lady, and was on her way to Europe to spend two years with the family of Minister Marsh, and study art in Italy.

Still Another Marine Disaster.

The bark Cora Lynn, from Darien for Troon, is reported lost, with her Captain and five men.

Inquest at St. Mary's.

LONDON, May 10.—An inquest was held to-day at St. Mary's on two dead bodies from the steamer Schiller. H. Hillers, First Officer of the Schiller, testified that at the time the vessel struck Captain Thomas and another officer were on the bridge. Two men were looking out forward and two others were on the bridge with the Captain. The jury rendered a verdict of accidentally drowned, coupled with a recommendation that a telegraph be established between Bishop's lighthouse and the shore. They express the opinion that if such communication had existed all on board the Schiller would have been saved. Officers Hillers and Poleman concur in this opinion.

Funeral of Victims.

The remains of Mrs. Hermine Weste were privately buried after the inquest. The bodies unclaimed were also buried. The funeral was attended by Darrien Smith, owner of the Scilly Islands, the coroner and members of the jury, and nearly all the inhabitants of the island. The bodies were first numbered, and a careful record was made of valuables, marks, &c. found on each. They were then enclosed in separate coffins. Two graves were dug, each twenty-five feet long. In these the coffins were placed in two layers.

More Bodies Recovered.

Since the inquest fifty more bodies have been recovered. The total number now recovered is ninety one. The following dead have been identified: Miss S. Dimock, Mrs. Clara Just, Mrs. Anna Eisner, Mrs. Susanne Duckfield, Mrs. Altinan, Mrs. Augustus Menter, Mrs. Lines, Augustus Menter, Henry Friend, Herman Spritz, P. A. Paulsen, Rabro Sayers, also the doctor, butcher and third engineer of the Schiller.

NEW YORK.

An Important Supreme Court Decision.

Destructive Fire in Brooklyn.

NEW YORK, May 10, 1875.

The Louisiana Troubles.

Wm. A. Wheeler, of the Louisiana Congressional Committee, has addressed a letter to the *Times*, and in answer to the question, "Is the Louisiana adjustment a success or a failure?" writes, "I firmly believe that Louisiana has, at last, caught an inspiration from the new order of things, and that, exhausted as she is, with tumult and violence, yet with just government and the education of her people, the last just now her greatest need, she will, with steady but slow pace, emerge from what seemed to be her utterly helpless condition." In regard to the re-seating of the four Democrats in the House of Representatives, Mr. Wheeler says "that no one can be found in Louisiana to assert that at the time these four Democrats were unseated there was a quorum of the House present. So these four Democrats had never been legally deprived of their seats. Being legally entitled to their seats, and having done nothing to forfeit them, their re-instatement was an act of simple justice, which all, fully understanding the facts, must approve.

Important Decision.

Some time ago an injunction was granted in the Supreme Court Chambers restraining the New York Guaranty and Indemnity Company from removing a large quantity of iron rails from the store of Woodruff & Robinson, the application being made on behalf of Jay Cooke & Co. and Jay Cooke, McCullough & Co. The latter firm pledged a portion of the iron to the Secretary of the Navy to prevent the removal of deposits with them as European Navy paymasters, and for a further deposit of one hundred thousand pounds. The Supreme Court to-day decided the case, holding that the Cooke firms obtained no right to the iron, but that those who actually advanced money on the faith of the iron stand in the position of innocent purchasers, and have a right to foreclose the lien by selling the iron to reimburse themselves; that the New York Guaranty and Indemnity Company stand in that position, and the injunction must be vacated to them; that the Secretary of the Navy stands in the same position as to the iron pledged to him for an advance, and the injunction would be vacated as to him if it appeared that the advance had not been repaid; but as to the portion pledged to him for money then due from Cooke, McCullough & Co., it was not for money advanced, and he stands in no better light than that firm.

Carpet Mills Burned.

The Planet carpet mills in Brooklyn, a large four-story brick building, was destroyed by fire to-night, causing a loss of over half a million dollars. The fire was incendiary. The mills were owned by Buchanan & Hyatt, who employed about four hundred operatives. Fire engine No. 4 was standing in front of the building, and the heat became so intense that the firemen were driven away. When the walls fell in the burning jute and carget was so hot that the steel and brass of the engine melted, leaving her a complete loss. The fire was still burning at a late hour, and threatened to reach the public schools and a Methodist church. The insurance on the mills is $180,000.

Baptism in Plymouth Church.

Henry Ward Beecher, before service in his church yesterday morning, baptized fourteen infants, children of believing parents.

Reduction in Freight Rates to the West.

The *Evening Express* says: On Saturday last some of the trunk lines made a further reduction in freights to the West, and this no doubt had something to do with the decline in Erie to-day.

CHICAGO.

Government Officers Among the Distilleries—Rumored Seizures.

CHICAGO, May 10.—It is rumored that several distilleries in this city have been seized to-day by Government officials from Washington. There were well founded impressions prevailing that something of that kind has been done, or would be done before the day closed. None of the Custom House officials seemed able or willing, up to a late hour this afternoon, to furnish any information on the subject. This forenoon Government Detectives Washburn and Fulton, accompanied by the Commissioner, it is said, visited the establishments of Roelle & Gurcker, on the North Side, R. P. Mason, Geo. L. Crosby and Eastman & Goldson, on River street, G. G. Russell and the Lake Shore Distillery Co.'s place, Geo. Miller proprietor, and rumor says seized the establishments on account of alleged frauds. It is stated that several distilleries are also being visited by the same officials for a similar purpose; but if so, the names of the firms are as yet kept in the dark. Up to one o'clock no case of this kind has been brought officially to the notice of Commissioner Hayne, but it is probable that during the ensuing twenty-four hours there will be some interesting developments in regard to this attempt of Uncle Sam's agents to ferret out violaters of the law.

FROM EUROPE.

The Emperors' Meeting at Berlin.

Enthusiastic Reception of the Czar.

British Authors Interview Disraeli.

Two More Ocean Disasters.

GREAT BRITAIN.

Another Ocean Disaster.

LONDON, May 10.—The steamship Cadiz was lost near Brest while on a trip from Lisbon to this city. Sixteen persons were drowned.

The Emperors' Meeting at Berlin.

LONDON, May 10.—This morning's *Telegraph*, in an editorial article on the meeting of the Emperors of Russia and Germany to-day, says: "It is impossible to conceal the truth. The continental situation wears this morning the very gravest aspect. If we were to say that the question of the future repose of Europe may be practically solved before forty-eight hours have passed, we would scarcely go beyond the facts. The tendency at this hour is decidedly pacific."

The other London journals likewise comment on the meeting, but the thought of war is generally discredited.

LONDON, May 11—5 A. M.—A special to the *Standard* from Berlin says Bismarck and Gortschakoff will decide during the Czar's visit whether Germany should answer the last Belgian note directly, or appeal to the guaranteeing powers. The recent warlike rumors are declared to be the work of stock jobbers.

International Copyright.

LONDON, May 10.—A deputation of authors waited on Disraeli to-day to make representations and obtain his views in regard to international copyright. The deputation consisted of Messrs. Blanchard Jerrold, Tom Taylor, Charles Reade, Charles Dickens, Geo. Augustus Sala, Charles Mackay, Miss Braddon, Mrs. Wood, and many other well-known literary persons. Edward Jenkins, author of "Ginx's Baby," addressed Disraeli on the part of the deputation. He pointed to the appropriation and mutilation of the works of British authors by book publishers of the United States, and asked if some remedy could not be found for the grievances.

Disraeli replied that the subject had already come before the Government on the question whether a revision of the copyright law in regard to dramas was desirable. The Government would give the matter full attention and strive to remove the annoyances and vexations now existing, but it must have time to consider what method to adopt. He was of the opinion that a royal commission would be better than a committee of the House of Commons, because it would be more likely to be well acquainted with the subject.

France and Germany.

It is reported from Paris that the French Government positively contradicts the assertion that Germany has recently made representations of a hostile tendency. The same dispatch contains a statement, believed to be semi-official, that no cause of a conflict exists between Germany and France, and that advices from all the capitals of Europe are of the same tenor, that pacific ideas are everywhere in the ascendant.

GERMANY.

The Czar in Berlin.

BERLIN, May 10.—The Czar arrived here to-day. He was received at the railway station by Emperor William, all the Princes of the Emperor's family, Generals Von Moltke and Manteuffel and other distinguished personages. The Emperor's greeting was exceedingly cordial. An immense crowd was gathered around the station and cheered most enthusiastically. The city is decorated with flags. The Czar, accompanied by Prince Gortschakoff, has visited Prince Bismarck.

The Religious Orders Bill.

The bill for the suppression of religious orders passed its third reading to-day in the lower House.

Another Rumored Plot.

The Berlin *Post* says there are reasons to suspect that certain Polish priests have conspired against the lives of Prince Bismarck and Dr. Falk, Minister of Ecclesiastical Affairs, and that three persons whose names are already known to the police were hired to carry out the plot.

FRANCE.

Proposed General Disarming.

PARIS, May 10.—The feeling here is more hopeful. *La Liberte* says the Czar intends to propose a general disarming, and Germany will support the proposition.

SPAIN.

Intransigente Prisoners Liberated.

MADRID, May 10.—The Intransigente prisoners who were engaged in the Cartagene insurrection have been set free.

UTAH.

Brigham Young's Divorce Case—Ann Eliza's Application for Alimony Pending the Suit Dismissed.

SALT LAKE, May 10.—In the case of Ann Eliza vs. Brigham Young, application of the plaintiff for a writ of attachment to compel the payment of five hundred dollars per month almony *pendante lite* from the time of the commencement of the suit, nearly two years ago, as awarded by Chief Justice McKean, a decision was rendered to-day by Justice Lowe, which is quite lengthy. The summary is that in all cases of divorce the law was plain and the authorities overwhelming that alimony could not be awarded unless a valid marriage was either first admitted by the parties or proved. The defendant had alleged in his answer that the marriage in question was a bigamous and polygamous one, and the allegations not being denied, must be taken as true. If such marriage was entered into ignorantly by the defendant, equity will open its doors for her relief; but upon the case as it stands, it is not, in the judgment of the Court, according to the principles of equity or good conscience to enforce the payment of *ad interim* alimony. It appears from the record that the marriage was celebrated in this city, and the plaintiff and defendant both reside in this city. It cannot, therefore, be a difficult or expensive duty for the plaintiff to place upon record a confirmation or some explanation of the unexampled and most extraordinary allegations made. If any just explanation exists, and the Court holds that such explanation is due to common principles of equity and public justice before proceeding further in the direction sought. It would be strange indeed if, upon such a state of facts, uncontroverted by any rule of pleading, it could be imposed as a duty upon the Court of Equity to direct or enforce the payment of alimony, and thus bestow apparent, if not, indeed, the real sanction of the law upon a practice which is hostile to the civilization of the age, and which the penal statutes of the land visit with condign punishment. The motion for an attachment is denied and the rule discharged.

COLUMBUS.

Terrible Tragedy—Murder and Suicide—A Woman Horribly Cut with a Razor by a Lunatic, Who Afterwards Kills Himself.

COLUMBUS, O., May 10.—The colored residents of Long street were thrown into a sea of excitement this evening by the report of a murder and suicide in their midst. Hundreds of terror stricken people gathered about the scene of the murder, making it almost impossible to gather the particulars of the tragedy. The facts in the case are these: About a year ago a young colored man named Wyatt Flowers shot and wounded his white mistress, and was sentenced to the penitentiary for one year. During his imprisonment he manifested signs of insanity, once attempting to kill himself. Upon his release he was sent to a lunatic asylum, from which he was recently released as cured. Since his release he has lived with his aunt, Mrs. Mary Childs. To-night, while at supper, a trivial misunderstanding arose, when Flowers made threats of revenge, when his aunt became alarmed and started to call help. Flowers followed her and shot at her with his pistol. He then drew a razor and cut two terrible gashes across her head and then across her stomach, causing her intestines to fall out and ran upon the ground. He then ran into the house, reloaded his pistol and shot himself in the right temple, the bullet lodging in his brain. He died soon after in great agony. It is hardly possible the woman can survive.

THE STORM.

Great Destruction of Property—Loss of Life in Ohio.

TOLEDO, OHIO, May 10.—A tornado passed over the village of Green Springs, Ohio, yesterday afternoon, blowing down three houses, killing two children and demolishing every chimney in the place. Passing northward, several houses and barns between Green Springs and Clyde were blown down and trees and fences destroyed. At Clyde the Nichols House was partially unroofed, and there was considerable damage done to stores and residences. Between Clyde and Bellevue, along the line of the Lake Shore Railway, scarcely a building escaped uninjured. The course of the storm was from south to north, and its track about two miles wide.

Illicit Distillation in the West

Several Revenue Officers Implicated

THE WHEAT CROP PROSPECT.

WASHINGTON, May 10, 1874.

The Crop Prospects.

During the past week the condition of winter wheat in three hundred and thirty counties has been reported to the Department of Agriculture. About three hundred counties of the valleys of the Ohio and Missouri are represented, which last year produced 70,000,000 bushels of winter wheat, or 60 per cent. of the product of seven States from Ohio to Kansas. The average of the condition in these States is 63 per cent., indicating only ⅝ of a full crop, if no improvement occurs. In Kentucky, 75 per cent.; Ohio, 57; Michigan, 62; Indiana, 66; Illinois, 63; Missouri, 59; and Kansas, 87. Though only thirty-two counties in the latter State are represented. The condition is better in Pennsylvania, Maryland and Virginia, though below an average. A few wheat counties in New York make extremely unfavorable returns.

The proportion to be replanted in other crops averages 14 per cent. in the West, or 1,260,000 acres in a breadth of 9,000,000 acres seeded. The largest proportion is 27 per cent., in Missouri; Illinois, 23; Kansas and Indiana, 11; Michigan and Ohio, 10; and Kentucky, 4. Very little replanting in the Middle States is necessary, except in New York.

Illicit Distillation.

For some time past the Secretary of the Treasury and the Commissioner of Internal Revenue have been giving attention to the subject of illicit distillation in several western cities, and have been using every effort possible for the purpose of putting an end to the practice of illicit whisky manufacture and traffic. Officers of the Department who have been specially instructed by the Secretary with a view to the complete destruction of the wholesale fraud upon the Government in connection with the manufacture and sale of whisky, have been successful in discovering evidences of, and means for preventing, a very great amount of fraud in connection with illicit distillation. Their researches show that a well organized and formidable plan has successfully existed for some time in the perpetration of frauds upon the revenue, with their principal headquarters of operations in St. Louis, Chicago and Milwaukee. One result of the discovery has been the dismissal of several internal revenue gaugers and storekeepers in the districts where fraudulent practices have been in full operation, the investigations of the department proving conclusively that several of these officers were bought up by parties engaged in the transactions. Other revenue officers in the same localities, including some of much higher positions than of the grades mentioned, will, it is intimated at the department, share the same fate, not that it may be because of any actual participation in the crimes that have been discovered, but because of neglect in the performance of their official functions, which, if thoroughly attended to, would have saved the Government great loss by preventing frauds that have gained such success. Steps will also be taken to bring to punishment all parties engaged in the business. There are intimations from official quarters that several changes will soon be made of internal revenue collectors in the western districts, and also that not less than two supervisors will soon be appointed to fill the places of parties now holding such offices, who will either be requested to resign or summarily dismissed.

ST. LOUIS.

Awards of State and County Bonds—Good Prices Offered—Distilleries and Rectifying Establishments Seized.

ST. LOUIS, May 10.—Eight hundred thousand dollars six per cent. currency State renewal bonds were awarded to-day by Governor Hardin and the Fund Commissioners to J. & W. Seligman, of New York, at 99 cents—an unexpectedly high price. The County Court of St. Louis county also to-day awarded $500,000 six per cent. gold bonds of the county, to run twenty years, to Kohn & Co., bankers, of St. Louis, at 100 76-100, which is 2 per cent. higher than any county bonds ever brought before.

Lucian Hawley, Supervisor of Internal Revenue of New York, and a corps of assistants, arrived here to-day and seized the following distilleries and rectifying establishments: Rudolph Ulrici, Bingham Bros., John Busby, Bevis & Frazer, Lewis Tuescher, distillers, and G Bensbarge, Bevis, Frazer & Co., F. C. Federer, Quinlan Bros., and J. L. Benecker, rectifyers. The charge against the persons is illicit distilling and evasion of the revenue laws. At Ulrici's 1,200 barrels of whisky were seized, at Bingham Bros. 160, and at Teuscher's 300 barrels. The amount taken at the other establishments is not known.

WILKESBARRE, Pa., May 10.—A cable dispatch announces the death of Ex-Chief Justice Woodward, of Pennsylvania, at Rome, to-day.

CAUGHT IN THE ACT.

Arrest of a Trio of Burglars — Their Midnight Operations Spoiled.

John Purcell, Tim. McGarvey and Fred. Herbst were arrested shortly before twelve o'clock last night for attempting to burglarize the tailor store of P. F. Schroeder, at No. 62 Smithfield street, near Fourth avenue. About half-past eleven o'clock a gentleman came to the Central Police Station and said that two men were working with tools at the rear of Schroeder's store and endeavoring to get into it. The noise they made had awakened his wife, who aroused him, and as they occupy that part of the building over the store it was an easy matter to tell what was going on. Officers Bennett and Coates and Turnkey McTighe, at once started for the store, and getting in the rear of it they found the door and jamb covered with the marks of a jimmy, the shutters of a window forced open and other evidences that robbers had been vigorously at work. Extending their search they discovered Purcell and McGarvey concealed in a water closet near by, and at once took them into custody. In their possession was found a coal chisel which had been made to do service as a jimmy, and as they were being escorted down Diamond alley to the station one of them took a revolver from his person and threw it down a grating, where it was afterward found. Neither of them went peaceably to prison and it required the full exercise of both officers' strength to land them in gaol. Turnkey McTighe arrested Herbst at the corner of Fifth avenue and Smithfield street, but it had not become a certainty last night that this man was one of the gang. He was first observed sitting at the stone archway on Smithfield street, through which the burglars gained entrance, and it is conjectured that he was placed there for the purpose of keeping watch. He started away when the officers arrived, and walked as though he was intoxicated, but when some distance away he straightened up, and began to accelerate his pace. All the prisoners are young men, and the police did not appear to be familiar with either of them.

House Painting.

As the season for house painting is fully at hand, and as almost every one in our Smoky City requires more or less work in this line, we ask attention to the card in another column of Messrs. Thompson & Miller, No. 135 Third avenue, who have been longer in the business than any similar establishment of the kind in the city, and have secured a reputation for honesty, reliability and skill in their workmanship. They are both practical men as well as workmen of experience and fair-dealing, and parties can rely on having their work done promptly according to their wishes and at fair and reasonable prices.

COMMISSIONER DOUGLASS denies laxity on his part in dealing with parties reported for evasion of the whisky tax.

SECRETARY DELANO has given prompt attention to the report of frauds in the Indian country, made by Mr. Marsh. He has written General Fisk, President of the Board of Indian Commissioners, to designate three suitable persons to make the investigation.

STOREY, of the Chicago *Times*, seems unfortunate in his libel suits. His application for a new trial, in the case of Alice A. Early, was refused, the plaintiff consenting to a reduction of damages to $15,000. One other suit was brought by a lawyer who had been called a "shyster," and damages to the amount of $500 obtained. The *Times* is evidently out of favor with juries in Chicago.

A STRONG measure has been pressed to a successful conclusion in the German Parliament. It provides for the distribution of Catholic Church property to the Old Catholics. Evidently the war being waged there is to the death. Cardinal Manning betrays his interest in a pastoral read in the English Catholic churches, in which he laments the injuries inflicted on Catholics in Germany.

WE have the usual howl over the award of contracts for Indian supplies. Just what the troubles are, it is hard to say. The complaints turn on a violation of law and usage. If there is a violation of law, it may be a serious matter; but a violation of usage is a very different thing. If some system can be developed that shall bring honesty to the carrying out of agreements, it will be exceedingly well.

THE trial trip of the new Bessemer steamer, built to ply between Dover and Calais, shows the quality of speed, but for some explained reason, failed to answer her helm, when rounding in at the pier at Calais. The saloon was not used, the machinery not being in order. The speed attained robs the channel passage of one of its terrors, and if the swinging of the saloon is all that is expected, no farther danger of sea-sickness in the chop seas of the channel will be experienced.

THE Czar of Russia is reported to have written to both France and Germany, insisting on peace. If this be so, there will be no war, as neither power will be willing to plunge into war, in the face of the opposition of Russia. At present the Czar, more than any other person, controls the destiny of the continent, as regards peace or war. Neither Bismarck nor MacMahon can afford to disregard his wishes, as, unless the war they may precipitate be very short, the soldiers of Russia can turn the success either way. The Czar is reported very friendly to the Emperor William,—and hence France will not disregard his advice.

MAYOR MCCARTHY deserves the thanks of the public, not merely for the general efficiency of his police administration, but especially for his course in stopping fast driving over the avenues on Sunday. Children have been run over, in the rural parts of the city, by persons who were either drunk or careless, and who were driving rapidly. The streets in the section referred to are not fully provided with sidewalks, and persons are compelled to walk on the street. Hence the necessity for some control being exercised over those who enjoy fast driving. On Sunday, the Mayor had his force so stationed as to utterly prevent it, much to the gratification of residents. He has, in this and other particulars, made marked reforms in the administration of the affairs of the city.

THE disaster to the "Schiller" by which over three hundred lives were lost, seems the more sad, in view of the precautions that were evidently taken to avoid it. We yesterday noticed a parallel between it and the loss of the "Atlantic," but it seems that the Captain of the "Schiller" was not only an accomplished seaman, but a most painstaking commander. He had not slept for five nights, and was on deck when the disaster occurred. Within an hour of its occurrence, precautions were taken against it,—sail being reduced, and the rate of speed materially lessened. Despite all precautions, however, the fatal event took place. When the vessel had struck, the Captain labored to save his crew until he was washed overboard and lost. Such, in brief, are the facts of this terrible disaster.

WE HOPE the proper authorities will care for the Indians now on their way to Washington, to treat with reference to the Black Hills territory. It is stated that a large delegation of politicians has already gathered at Washington, and the fear is expressed that there is a combination formed prejudicial to the interests of the Indians. We cannot imagine what other purpose these persons can have than to aid in persuading the Indians to agree to such terms as the Government may propose. The land then reverts to it, and will not, we presume, be sold out to private parties, in view of the gold excitement prevailing. In extinguishing the Indian titles, the Government owes it to itself to deal honorably with the Indians. Whatever they are fairly entitled to, in return for their lands, should be freely given them, and the contract made should be promptly and honorably followed out. We do not doubt that it will be. There can be no doubt that there is a sentiment strongly favorable to the extinguishment of the treaty rights of the Indians, and in view of the gold deposits, this should be done. But kindness and right treatment should be accorded.

EX-SECRETARY MCCULLOCH, in his fourth letter on finances, touches the point made by us a few days since,—that the standing armies of Europe are the greatest drain on the resources of the people, and that they must be reduced, or bankruptcy brought on. We had expected, however, that when he came to this point, he would have been more thorough in its treatment than he is. In place of pointing out the size of those armies, and the extent to which they drain the resources of the people, he simply enters into a disquisition on the relative merits of the European and American systems, and the probable strength of the German army as compared with that of France. This last letter is general and discursive, and not particularly creditable to its author. The topic was an excellent one, and might have been interestingly treated. In place of facts and figures, showing just how much the soldier-system of Europe drains its wealth, we have generalities. We know what the cost of the armies is,—but the productive qualities of so many men, in each of the several countries, and its influence on the wealth, and particularly the debts, of the people, would be acceptable knowledge. But to write clearly on this, would require study and thought.

THE Washington correspondent of the GAZETTE is one of the most reliable and intelligent in the entire list of Washington correspondents, and his standing at the Departments is such that he is quite sure to obtain accurate information. His statement, therefore, of the case of Commissioner Douglass may be accepted as strictly true. Much as we regret the removal of a Pennsylvanian, we cannot do otherwise than commend, where it is done for cause. We had received intimations of Commissioner Douglass' lack of adaptation to his office,—noticeable, particularly in the failure to give attention to the information showing evasions of the whisky tax. The investigation of the checks in banks was a singularly injudicious piece of business. It had nothing to commend it, and was sure to be followed by an explosion. We are astonished that there should have been any movement in that direction such as was taken. An announcement, cautioning banks as to unstamped checks, and an assurance of examination at some future time, would have met the entire case. In this case, the action of the Commissioner only served to direct attention more closely to official neglects in another direction, and so he has been removed. With the facts as stated, the action of the authorities can only be commended.

IT is hard to know just the truth as to the New York canal frauds. Governor Tilden announced them, in a special message to the Legislature,—but a committee, composed equally of Republicans and Democrats, reported that there were no frauds. The trouble, according to this committee, was in the irregularity of the laws, and their inadequate enforcement. But while this is alleged, it is declared that no evidence of an intent to defraud the State is apparent. Thus the Governor is met by a denial, and unless he can make good his declaration, is in a bad box. Tilden is touched with the Presidential fever, and the canal fraud allegation was designed to put him forward as a Reform Democratic candidate for the Presidency. Either his party has turned against him, or his affirmations are untrue. In either event, the probable outcome of his Presidential aspirations will not be particularly flattering. At any rate, he will now be put on his mettle, and if there is anything in him it will come out. He must make good his statements of fraud, or he will be pushed into the background as a Presidential candidate. We have, for a long time, entertained doubts as to the efficiency of the action of Tilden in the Tweed Ring fight. He was one of the kid gloved gentlemen who joined in when the danger was over. In the present instance, he boldly charged that there were frauds in the canal service, and submitted the subject to the Legislature. The report is against him, and unless he chooses to be beaten, he must rouse himself for battle.

THOUGHTLESS OPPOSITION.

Hostility to wrong is a good thing, but common sense is better. The *Sunday Press*, of Philadelphia, evidently lacks ballast when it opposes Hartranft, and assumes that he is the mere creature of a ring,—whether it be the Mysterious Pilgrims, or something else. Governor Hartranft has made a good official, and stands far better with the people than he did three years ago. Not the slightest taint of corruption, or suspicion of bad faith, attaches to his administration. So far from being unduly influenced, it is shown that he is intelligent, independent, and honorable in his course. No personal bad faith, of any kind, can be charged against him, and his public acts are of a high order. With now nearly three years of office, we know of but two things that are charged against his public course, neither of which, in our belief, should be urged to his disadvantage. One is, the signing of the bill repealing Local Option, and the other sending the military into the mining region to repress troubles. The GAZETTE has been sufficiently outspoken in its sympathy for the Local Option cause, to be credited with pure motives in speaking now. We fully commend the course of the Governor in signing the repeal, deeply as we regret that such a bill came before him for signature. He has laid down the policy of considering the Legislature as the representative of the people, and where the course of the Legislature does not infract the Constitution, or do violence to some principle that cannot be overlooked, the Governor simply accepts the action of the Legislature as binding. In other words, where there is so much division of opinion, as there is, as to the best method of dealing with the liquor question, he left the subject to the Legislature. It had been elected by the people, on the issue of temperance, chiefly,—that is, the temperance people aided or opposed Republicans or Democrats, or offered separate tickets, as they imagined their interests required. The outcome was a Legislature that took certain action, and the Governor felt it his duty to respect what he deemed the will of the people. We undertake to say that, had the result been different, he would still have favored it.

Governor Hartranft is, personally, a sober man, of domestic traits, and quiet, modest bearing. He is not a roysterer, and is not given to the use of liquors to excess. No person need fear that his faculties will be clouded, or his character reproached, as the result of the use of liquors. In view of this, it is well to consider whether we will except to items which are, at most, but incidental to his general policy, and make a fight against a record well-nigh faultless, because every item is not to our wish? Better accept one generally good, than seek to obtain what may not be so worthy.

The action of the Governor in sending the military to the mining regions cannot be otherwise than commended. That it may create prejudice to some extent is possible; but he simply did his duty, and this in the face of temptation to leave it undone. He is required, as Governor of the State, to enforce peace, where the local authorities are not capable of doing it. In doing this, he does not become a participant in the contest, but simply a conservator of the peace. In all his administration, Governor Hartranft has shown a warm sympathy for the workingmen. Wherever he has been so situated as to afford them a kindness, he has been prompt to do it; but it must be manifest that it is much to the interest of the working classes as others to have peace and order maintained. This is all that the sending of military to the mining regions amounts to.

The aim of the Republican party in this State, in its State and local nominations, should be, to put forward the best candidates possible. Men of high character, of unimpeachable integrity, and of record, are what we want. The events of last year illustrate the need of care in forming our ticket. Within the party we know of no reasonable hostility to the nomination of Governor Hartranft, and this conceded, we have only a State Treasurer to complete the ticket. The current is evidently setting toward Mayor Rawle, of Erie, although there are other good men and true in the field. Messrs. Strang, Stewart, Wilson, and others are still named, and the selection of either will be acceptable. The State ticket will be quite unobjectionable. We should, however, exercise the greatest care that our county ticket is the best attainable. We have no strength to throw away; and for this reason we should have such nominations as will afford harmony, and inspire enthusiasm. We have excellent offering, and if the county ticket is not strong, it will be because of faulty selection from the material at command. The selection wisely made, there should be no difficulty in sustaining the ticket. There should be an utter absence of captious objections, and a disposition to cheerfully support a favorable ticket.

SIXTEEN business houses and dwellings, in Springfield, Missouri, were burned on Saturday morning, causing a heavy loss. General C. B. Halland's block was among the property destroyed, involving a loss of $50,000.

NEW PUBLICATIONS.

THE AMERICAN EVANGELISTS, D. L. Moody and Ira D. Sankey, in Great Britain and Ireland. By John Hall, D. D. and George H. Stuart. Published by Dodd & Mead, New York. For sale in Pittsburgh by R. S. Davis & Co.

This is a volume that contains a very fair and very interesting account of the remarkable work of Messrs. Moody and Sankey. The volume is made up of clippings from the press, correspondence, opinions of the eminent members of the clergy who have been eye-witnesses of the work, together with accounts of the meetings as furnished to the daily press. The book is prepared with an impartial spirit, and gives both sides of the question,—criticisms adverse, and favorable. The book winds up with a few specimens of the addresses of Mr. Moody, which give a good idea of the peculiar force and directness of his style. It is a book that should be read by all who would get a correct idea of this great religious movement, and by all who desire to receive a fresh inspiration and new ideas of working for the spiritual advancement of the masses.

THE ADVENTURES OF THE CHEVALIER DE LA SALLE AND HIS COMPANIONS, in their Explorations of the Prairies, Forests, Lakes, and Rivers of the New World, and their Interviews with the Savage Tribes two hundred years ago. By John S. C. Abbott. Published by Dodd & Mead, New York. For sale in Pittsburgh by R. S. Davis & Co.

This is one of the "American Pioneers and Patriots'" series, and is very entertaining. It gives a graphic description of the career of the great explorer, who was next to Columbus in fame, as one of the pioneers of the New World. The history is written in a very attractive style, and the subject is one which is full of fascination.

BOYS AND GIRLS IN BIOLOGY, or simple studies of the lower forms of life, based upon the latest lectures of Prof. T. H. Huxley, and published by his permission by Sarah Hackett Stevenson. Illustrated by Miss M. A. I. Macomish. Published by D. Appleton & Co., New York. For sale in Pittsburgh by R. S. Davis & Co.

The boys and girls, and children of older growth, will find much to amuse and instruct in this volume, which deals with the science of life, as seen in plants and the simplest forms of animal life around us. It is written in a very clear style, and with a vivacity that makes it a charming work to read. The scientific information is correct too—so that the sugar-coated pill of knowledge is not hard to take.

PHILADELPHIA AND ITS ENVIRONS. Published by J. B. Lippincott & Co., Philadelphia.

This neat pamphlet is a complete guide to the Centennial City. It is handsomely and profusely illustrated, and is arranged in such an order that the information in it is given in a consecutive form. It will be a valuable guide for visitors to the beautiful city.

LITTLE CLASSICS: "Childhood." Edited by Rossiter Johnson. Published by Jas. R. Osgood & Co., Boston, and for sale in Pittsburgh by R. S. Davis & Co.

All children and all who love childhood will love this exquisite dainty little volume. Its attraction is as irresistible as the innocence, and affection, and light-heartedness of a child.

POLITICAL NOTES.

A MELANCHOLY SIGHT—A disappointed office-seeker hunting for the Liberal Reformers' camp.

SENATOR THURMAN says Ohio can't be carried by stump speeches, neither can it be by the Democracy this year.

JUDGE KELLY expects to be Chairman of the Committee on Ways and Means if Sam Randall is elected Speaker.

WHEN Mr. Opdyke first ran for Mayor of New York and was defeated, his portrait was in all the shop-windows. The next time, he suppressed the portraits and was elected. There have been a good many portraits of Gov. Tilden about lately.

POLITICS will soon be active in several States of the Union. The Republicans of Pennsylvania nominate candidates for Governor and State Treasurer on the 26th inst. The Maine Republicans meet in State Convention June 15. The Ohio Democrats nominate a gubernatorial candidate June 17.

LIKE the proverbial animal between two bundles of hay is the Democratic party between Randall and Kerr. The election of either of these gentlemen to the Speakership will be a declaration for or against inflation, and for or against the policy of protection. No man can "relegate" these questions as Mr. Randall proposes to do. The Speaker makes the committees and the committees control legislation.

GOV. HARTRANFT, of Pennsylvania, is sure of a nomination for re-election at the approaching Republican Convention. He has gratified his friends and surprised his enemies during his official career by making a record almost above reproach. Elected after a campaign of unparallelled bitterness, and when accusations affecting his character for integrity were abundant and apparently well supported, he had from the start great difficulties to contend with. These he has met and overcome completely, and even the Democratic organs can find no serious breach in his reputation.—*Chicago Tribune.*

OF all the "pun papers," commend us to the Louisville *Courier-Journal*. Why, quite frequently it omits all editorial matter, in order that its readers may have a whole day to perceive the point of a particular pun its punster produces.

THE word "rebuttal" is in frequent use, and yet it is not to be found in Webster's, Worcester's, Richardson's or any other English dictionary that we have consulted. Nor is it to be found in Bouvier's law dictionary. What is the authority for its use?

A CORRESPONDENT of the Washington *Chronicle* suggests that on Decoration Day, instead of placing cut flowers on the graves of the soldiers, it might be better to plant flowers of some kind. The cut flowers speedily wither, but the plants which would cost very little more, would remain for years.

MISS MOODY, daughter of the American revivalist, who is now preaching in London, not sharing her father's views, went to the play, and coming down late to breakfast next morning, was greeted by him with: "Well, child of Satan!" to which she calmly responded: "Good morning, papa."

THE New York Police Superintendent recently received an anonymous letter stati g that Kate Stoddard, the supposed murderess of Charles Goodrich, was in Brooklyn, in disguise. He scouted the idea, and said that the woman was undoubtedly still in the State Insane Asylum at Utica.

MISS ANN PAMELA CUNNINGHAM, the late lady regent of Mt. Vernon, died at her home, Rosemont, Laurens county, S. C., on the 2d instant. She was honorably distinguished for her successful exertions to recover the Mount Vernon property from an embarrassment and place it under national care and keeping.

THE case of John Bull, of Louisville, should be a warning to all young men who contemplate "swearing off" from tobacco. John had been an inveterate smoker from his youth up, and frequently used as many as fifteen cigars a day. About two weeks ago he gave up smoking, and two days thereafter gave up his ghost.

THE gold and silver coin and bullion on hand in the United States Treasury amounts to $94,625,609; $22,403,300 belongs to depositors, leaving the net amount of $72,222,369, in hard cash, belonging to Uncle Sam. This is about $16,000,000 more than was on hand a year ago. This will do for an administration which has been charged with bankruptcy. We shall soon have enough gold and silver on hand to pay our debts in coin, unless a famine or a Democratic victory—which would be about the same thing—comes upon us.—*Washington Chronicle.*

GEN. SPINNER writes as follows to Mr. Seth Green, the pisciculturist: "The time will come, if it is not already here, when the credit of having demonstrated that an acre of heretofore water waste is worth more for the production of wholesome food for man than an acre of the most fertile land, will be awarded to you. Next Winter I intend to fish in Florida waters, where I hope you will meet me with rod and line."

ACCORDING to the phraseology of a resolution adopted by the Woman's Missionary Society in Chicago, the young ladies who are sent out by the Society are somewhat restricted in their affairs of the heart. If a fair converter of heathen should marry outside of the Missionary Union, she must refund the money expended for her outfit and passage, and, accordingly, if she would not remain single she must either content herself with a male missionary or else be careful to fall in love with some young man who will gallantly square accounts with the Society. Nothing is said about widows; they can give themselves away unincumbered by any prior liens of this sort.

The lunatic was with great difficulty arrested, and has been sent to the asylum for the insane at Orleans.

CARDINAL McCLOSKEY.

Series of Receptions to be Given.

Cardinal McCloskey and the members of the Papal Legation are expected to return to New York City within a few days. Upon their return a series of receptions will be given to them by several of the principal Catholics of New York City. The first of these will take place during the coming week—one at the residence of the Messrs. O'Brien, the bankers of Wall street, the other at the residence of Louis B. Binsee, the President of the Catholic Union of New York. On Monday, May 17th, the Xavier Union will give a reception to the Cardinal and the Papal Legation at Delmonico's. Invitations will be sent to the public authorities of the State and city, civil and military; to the principal benevolent, literary, and other societies, irrespective of creed; to the prominent members of the bar, and of the legal, medical, and other professions; to the Executive Committee of the Catholic Union, and to the prominent Catholic clergymen of New York and other cities. There will be about 500 guests invited. Addresses will be presented to the Cardinal, the Ab-Legate, the Papal Legation, and responses will be made by Cardinal McCloskey, and by Monsignore Roncetti on behalf of the Papal Legation.—*N. Y. Tribune.*

THE CARDINAL OATH.

The Cincinnati *Gazette* calls attention to the circumstance that in all the reports of the proceedings in connection with the ceremony of conferring the scarlet beretta upon Cardinal McCloskey, minute and complete as these reports were, there is an omission of the oath taken by him before the beretta was conferred. The Pope's brief to the Cardinal-elect contained this sentence: "It is our wish that before you receive the beretta you should take and subscribe with your own hand the oath which will be presented by the aforesaid, our beloved son, Caesar Roncetti, and send it to us, either by his hand or by any other." There is some curiosity to know what sort of an oath it was that was not taken publicly, but privately, and which the head of the Church in Rome so carefully directed should be taken and subscribed before the beretta was received, and should be forwarded to him.

The Great Curse of the Country.

According to the report of the Police Justices of New York for the year ending October, 1874, there were 40,777 arrests for being drunk or drunk and disorderly. Of those arrested 27,203 were men and 13,574 women. Arising out of the arrests were 14,186 convictions of men and 8,927 of women. The drunkenness among women is the most frightful feature in the return, because it means so much—children going to perdition, a ruined home; everything, in a word, which is the most hateful and repugnant to the right-minded. According to a return of April, 1873, the number of cases of drunkenness in New York was 638 for every 10,000, and there were 8,403 liquor saloons, being just one to every 119 men, women and children of all ages.

In a portion of the city of London, selected for its specially drunken character, there were 264 convictions for drunkenness in 10,000; in Liverpool, 329; in Cork, 382; and in Dublin, 416. It really seems that nothing can be done, and yet, after all, drunkenness is with most merely a habit, not a passion. Nothing can prove this more than the extent in which (except in Philadelphia where it is reported that very hard drinking is still common) it has gone out of fashion among the higher class both here and in Europe. So soon as it became *mauvais ton* to be drunk, people ceased to exceed. But although in dress and in most other respects the lower level follows the higher, it seems distinctly to cling to its own ways in the matter of drink.—*N. Y. World.*

Beauregard and "War to the Knife."

The recent insolent letter from General Beauregard, in response to an invitation to attend the reunion of Federal soldiers at Chicago, has brought light to the following, originally published in a South Carolina paper:

BLADEN, ALA., August 3, 1862.—*My Dear General:* I regret much to hear of ——— being wounded. I hope he will soon be able to face the Abolitionists. In this contest we must triumph or perish; and the sooner we make up our minds to it the better. We now understand the hypocritical cry of "Union and the Constitution," which means, and always will mean, "spoliation and murder." *We will yet have to come to proclaiming this war a "war to the knife,"* WHEN NO QUARTER WILL BE ASKED OR GRANTED. I believe it is the only thing which can prevent recruiting at the North. As to ourselves, I think that very few will not admit that death is preferable to dishonor and ruin.

With kind regards, etc., I remain yours, sincerely, P. G. T. BEAUREGARD,
General Wm. E. Martin, Pocotaligo, S. C.

A Letter to Carl Blind on Catholicism in Italy.

We translate from an Italian paper the following letter from Garibaldi to Carl Blind, the leader of the German Democrats:

"MY DEAR FRIEND: I believe there does not exist in all the world a nation so little Catholic as Italy. The Government and the cultivated classes affect a devotion to Catholicism that does not exist. As to the mass of the people, they do not believe in it at all, and in the Papal Church they see only bigots. It would be very difficult to obtain from the Government and the majority of the Chamber a decree for the liberation of the Papacy. Be assured that the great majority of the Italian nation sympathizes with Germany in her energetic war *a outrance* against Jesuitism in all its forms. Yours always,
"G. GARIBALDI."

Latest Advices Concerning Money and Stock Matters.

OFFICE OF THE PITTSBURGH GAZETTE, TUESDAY, May 11, 1875.

Yesterday was a quiet day in monetary circles. There were few offerings, and even a short line of deposits. The question of the validity of acceptances on drafts, when signed in lead pencil has been brought to our attention,—a correspondent stating that a bank in this city refused to receive an acceptance thus signed. In our view, and it is sustained by frequent decisions in the Courts, a bank cannot refuse to receive either acceptances or check signed in pencil. To protest as now accepted a draft thus signed, would expose the bank to successful prosecution. Merchants still complain of rather unsatisfactory collections in the country. But we believe that the great bulk of the increase in the applications for financial assistance is not from the mercantile departments of trade, but from the various industries that are dependent upon building and improvements of every kind. As far as the mercantile trade of this city is concerned, we think, after careful inquiry, that it is now considerably larger than at this time last year, but the increase has been made at the expense of other cities. The jobbers of dry goods, shoes, groceries, etc., etc., have extended the area of their trade, and are now selling goods to many places from which they had no trade last year. The number of their customers has greatly increased, but the bills they sell to any of their customers are small compared to former years, and the increase in the volume of trade does not correspond with the increase in the number of customers. The mercantile trade of Pittsburgh is unquestionably better in comparison with former years than that of any other city in the United States. But the decrease of trade, industry, and improvements, even below last year in the United States, is undeniable.

Money continues plenty in the market at low rates of interest, and we even hear of loans made for sixty days on prime collaterals at 7 per cent. per annum, while prime business paper would be taken at 8 per cent. The difficulty, however, is that there is but little of such paper and few such collaterals in the market.

NEW YORK, May 10, 1875.

Money was easy at 2½a3; prime mercantile paper 4a5½. Sterling was dull at 487a487½ for sixty days and 490a490½ for sight. The customs receipts were $366,000. Gold opened at 115⅛, advanced to 115¼, and closed at 115⅛. The carrying rates were 1 a2. Loans were also made flat. The Assistant Treasurer disbursed $405,000. The clearings were $39,000,000. Government bonds are steady. Railroad mortgages are steady, except Ohios and Northwestern consolidated, which declined to 87. State bonds are quiet.

The feature of the Stock Exchange today was Erie, which declined from 29½ to 26½. The transactions were very large, and the whole share list was more or less adversely affected. No one seems to understand the movement, but it is traced, as usual of late, to Gould. The brokers usually operating for London account appear to be buyers at the decline. The following are among the reasons assigned for the decline in Erie: The Baltimore & Ohio Railroad Company are said to have lowered their rates again, and through the New Jersey Southern Railroad made a through connection to New York, and the inference is that Erie will be the road most unfavorably affected by the move of the Baltimore & Ohio Railroad Company. Again, the rumors of political complications on the other side of the ocean naturally have a weakening effect on Erie in London, from the fact that a very large amount of stock, both common and preferred, is held by foreign houses. The representatives of the company say the movement is simply a speculative one for the purpose of buying stock.

Lake Shore fell off from 72 to 70⅞. Pacific Mail from 44 to 42⅞, Western Union from 79⅞ to 79, and Union Pacific from 76½ to 75⅞. St. Paul advanced to 37⅜ for common and 59 for preferred, but later fell off to 36⅞ and 58 respectively. The changes in the remainder of the list were very slight. At the second call Pacific Mail declined to 42⅞, but the balance of the market was dull and steady.

Stocks were weak during the last hour of business, but at the close the market showed a little more steadiness. There was a recovery of ⅛a½ per cent. on some shares from the lowest point of the day. Panama recovered to 153, Erie to 26⅞, Lake Shore to 71⅛, Ohios to 26, and Western Union to 79⅞. In other shares there was little or no recovery.

The bids opened at the American Exchange Bank to-day for $1,500,000, the balance of the Cincinnati municipal loan, aggregated $4,117,500, at prices ranging from 102 to 103½. The award will average over 103 and interest.

Morton, Bliss & Co. have placed upon the market $4,000,000 six per cent. gold bonds of the Western Union Telegraph Company, the interest payable in March and September, and the principal redeemable in 1900. These bonds are authorized for the purpose of taking up the $4,498,900 bonds due in November next. After the maturing bonds are redeemed, the only bonded debt besides the present loan will be $1,500,000 seven per cent. gold building bonds and £206,000 sterling bonds of the present issue recently taken in London. Bids will be received up to noon May 25th, but no proposals will be considered under 97 and accrued interest.

The transactions on the Stock Exchange aggregated 241,000 shares, of which 21,000 were Pacific Mail, 22,000 Western Union, 4,000 Northwest, 45,000 St. Paul, 121,000 Erie, 36,000 Lake Shore, 4,000 Ohios, and 9,000 Union Pacific. The earnings of the latter in the first week of May show an increase of $78,000.

PITTSBURGH MARKETS—WEEKLY REVIEW.

OFFICE OF THE PITTSBURGH GAZETTE, MONDAY, May 10, 1875.

The general merchandise markets continue to move along quietly, and while they are not as active as could be desired or as they usually are at this particular time, business is about all we can reasonably expect. While our merchants generally have exercised more than usual caution in regard to credits recently, some of them, we understand, have lost considerably in this way during the past year; one produce commission firm, we understand, lost some fifty-five hundred dollars in the shape of bad debts, notwithstanding they exercised more than ordinary care. Our merchants very generally are cutting loose from all doubtful or long-winded buyers, and only those who are known to be reliable and prompt in meeting their engagements can now obtain credit; and if such a thing were possible it would be much better if the whole credit system were abolished—it would save a vast amount of trouble, expense and litigation. There are no new or important features in the leading markets, excepting that flour and wheat have eased up somewhat, under the influence of late reports in regard to the wheat crop, indicating that it is not as badly injured as at first reported. In regard to values there have been no important changes during the week, none at least deserving of special notice.

APPLES—The receipts continue liberal and the market is well supplied, which, together with a stronger disposition to realize, have produced an easier feeling on the part of holders, but prices are still maintained. Selling in a jobbing way at $2@2,50 ₩ bbl. for common to fair, and $3@3,50 for prime to choice.

APPLE BUTTER—The receipts recently have been light, and with a reduced supply and an average demand, the market is firmer but unchanged; quotable at 50@55c ₩ gallon.

ALE—The market continues quiet and unchanged; X at $9 ₩ barrel to the country and $8 to city; XX, $10; India Ale, $11. Half barrels in regular proportion.

ASHES—Common Soda Ash, 3¼@3½ cents; refined do, 4@4½; Potash, 7½@8; Pearlash, 8½@9; Arsenic, 8; Manganese, 6½; Nitrate Soda, 3¾; Fluor Spar, 2.

BEANS—There has been an increased demand during the week under review and a better feeling in consequence, especially as regards the future of the market, although prices are no better as yet. We continue to quote, in a round lot way, at $1,75@1,80 for mediums, and $1,85@1,90 for navies—it would probably be difficult to buy either prime mediums or navies at inside figures. There is a fair stock in this market, although as already stated, it is expected that the demand will increase from this time forward.

BUTTER—The receipts have been quite liberal during the past week, and with a diminished demand, the supply accumulating and a stronger disposition to sell, the market is weak and prices are drooping. Holders generally being apprehensive of a sharp decline within the next week or two, as there nearly always is during the first half of May, are anxious to close out, while both retailers and consumers, on the other hand, are carrying just as little stock as they can possibly help, hence we should not be surprised to see prices decline 12 or 15 cents within the next week or ten days. Prime to choice rolls, 25@28; do. dairy, 28@30c: we are cognizant of sales of choice roll during the week at 30c, and dairy at 32@35, but we reduce our quotations, feeling confident that they will be high enough within a very few days, and shippers should be well satisfied if their agents here can realize them this week, as a sharp decline is only a question of a little time. Old stock cannot be sold except as grease Butter, and the most of it is unfit for anything else.

BEESWAX—There is no movement in this article here, so far as we can learn, except in a retail way, and in the absence of sales, we omit quotations.

BROOM HANDLES—Choice No. 1 plain, $17@18; good, $15@16; choice No. 1 painted, $28@30; good No. 1 painted, $25@27; Toy Handles, painted, $20@22,50.

BROOM CORN—Nothing new has occurred in this line. The demand continues fair. Holders in the west are very firm in their views, and are confident they will get an advance of from $20 to $30 ₩ ton within 30 days. We quote:—Green hurl, 12½@13½c; green medium, 11½@12½; green stalk braid, 11½@12½c; green inside and covers, 10½@11½c; green brush corn, 12½@13½. Pale and red tipped brush range about 2@3 lower than the above; red from 3 to 5c.

BROOMS—A firmer feeling is manifested by manufacturers and holders. The stocks are very light, and should the anticipated advance in Broom Corn take place, 25c ₩ dozen will be put on Brooms at once. We continue to quote "Union" factory prices: No. 2, $2,50 ₩ dozen; No. 3, $2,75; No. 4, $3,25; No. 5, $3,75; No. 6, $4; No. 3 Carpet, $4,25; No. 4, $4,50; No. 5, $4,75. Patent ferule do., $5; Steamboat, $4@4,50.

CEMENT, LIME, ETC., ETC.—Louisville Cement, $2,25@2,50; Keystone, $1,75@2; Cumberland, $2,25@2,50; Rosendale $3@3,50; Portland, $7@7,50; Cleveland White Lime, $1,60@1,75; Eastern do., $1,40@1,50. Plaster—Extra Calcined, $4; common do., $3,50; Sand, $2,25@2,75; White Sand, $1,40@1,50 ₩ bbl.

CHEESE—The market continues steady for prime old stock, which is in light supply; if anything, it is firmer but prices remain as last quoted. Prime Ohio Goshen, 16½@17c: New York ditto, 17@17½c. The stock of the former is about exhausted, and we now have to rely upon New York. New Cheese is coming forward, but it is difficult to quote as there is a wide range in quality; selling at from 12@15c.

CANNED GOODS—The market for Peaches is firm, with a light stock and considerable inquiry, but Tomatoes and Corn remain quiet and unchanged; Peaches, 3 lb. cans, $3.40 to 3,50. Corn quotable, in a jobbing way, at $2.40@2.50; Tomatoes, $1.50@1.60.

COKE—Trade continues fairly active, but there are no new or important features deserving of special notice; orders are still coming in freely, and prices remain unchanged; we repeat former quotations, $3,50 ₩ ton delivered free on cars in Pittsburgh.

CRANBERRIES—$10@12 ₩ bbl.

COAL—The wholesale trade has been very much curtailed by the suspension of river navigation, but the general tone of the market is steady, and trade, so far as we can learn, is in a satisfactory shape. The stock here in first hands is very much reduced, but the down river markets are well stocked. We continue to quote Bituminous at 3¾@4c ₩ bush. in barges for lump, and 3¾@3¼c for nut. Anthracite, $7 per ton, by the carload on track.

CORDAGE AND ROPE—Trade in this branch of business continues quiet, hardly as good as it usually is at this season of the year; no change in rates, which we annex as follows:

DRIED FRUIT—There is considerable inquiry for Peaches, the demand has been stimulated by reports that the crop this year will be a very light one and the market is firmer in consequence; sales at 10@10½c for halves. Apples, quiet and unchanged, 7@8c, as to quality. Blackberries dull at 9@10c. Elderberries, 6@7c. The stock of all kinds of dried fruit appears to be comparatively light.

EGGS—The market stiffened up very materially towards the close of the week; on Thursday, Friday and Saturday 18c was the ruling rate, with some dealers asking 19c, but it is not likely that the advance will be sustained beyond a few days, as warm weather always curtails the consumption, and, furthermore, increased receipts are not improbable within the present week, and then it is well to bear in mind that there is no demand for export. Quotable at 17@18.

FLOUR—The general tone of the market is scarcely as firm as it was a week ago, as late reports would indicate that the wheat crop is not as much injured as at first reported, although the recent advance is still maintained, and there is a very fair local trade. Quotations may be fairly given, in a jobbing way, as follows: Spring wheat flours, $6,00 to $6,25 for Wisconsins and $6,25@6,50 for Minnesotas; winters, $6,25@6,50 for red and $6,75@7 for amber and white. The receipts have been unusually large during the past few weeks, indicating that some operators are or were impressed with the belief in a higher range of prices, but, as already intimated, the indications are not as favorable in this respect as they were ten days ago. Rye Flour scarce and higher; $6,00@6,25.

GROCERIES—Coffee—At the sea ports the market for Rio is fairly active at former quotations, the stock in first hands having been reduced to 55,864 bags of Rio; 13,780 bags and 17,380 mats of other descriptions. The predominating opinion is that Coffee will maintain a firm position until the new crop shows itself in the closing summer months. Sugar firm at the late advance and active. The export demand for refined hards has placed that description relatively higher than softs for the moment, but the market, it is thought, recede as soon as the demand is supplied. The supply of raw Sugars is in excess of last year at the same date 25,125 hogsheads From Thomson & Co.'s report of the market at New Orleans (May 5,) we quote prices there for fully fair Sugar, 8¼@8¾c; prime, 9c; and 68@70c for choice Molasses. Rice, Syrups and Molasses firm but unchanged.

GRAIN—The grain markets have been considerably excited and unsettled during the past week, with buyers and sellers considerably apart in their views, and the volume of business was comparatively light; the general feeling, however, under the influence of the advices from Chicago, was scarcely as strong at the close as at the opening of the week, and some operators appeared to be impressed with the belief that a reaction has set in. The receipts of Wheat, excepting that consigned to the mills, continue very meagre, and with no stock and considerable inquiry, the market has stiffened up and prices are higher; quotations may be fairly given at $1,30@1,33 for Pennsylvania and Ohio red, and 3@5c additional for amber and white. The inquiry is mostly from country mills, indicating that farmers are busy seeding, and in addition, many of them appear determined to hold on to what they have until they have ascertained more definitely the damage sustained by the growing crop. The Oat market is steady at 70@71c for mixed and 72@73 for white; however, as might be expected, the recent sharp advance has curtailed the demand. Corn is in light stock, and may be quoted at 87@90c, the outside figure for prime yellow shelled, free in elevator—there have been but few sales made as yet above 88, but holders are now asking 90c. Rye is in light stock but there does not appear to be much inquiry for it and prices remain about as last quoted, $1,15.

HAY—The market continues quiet and devoid of any new features deserving of notice. Baled, on track, $18@18 for prairie, and $20@22 for timothy. Loose, from country wagons, $27@32. Oat Straw, baled, by the carload, $18 to $15; Wheat Straw, $14 to $15.

HOMINY—4.25@4.50 ₩ bbl.

HEMP—In fair demand; sales Kentucky rough at $175 ₩ ton.

HIDES—The market remains quiet for all descriptions except plump heavy steers, which are in good demand. Kip and Calf are in fair demand and scarce. Prices unchanged. We quote:

LEATHER—The general market is much the same as at last reported. Fine light spready Harness is in good demand; medium weight is dull and low; heavy in fair demand; Upper, Kip and Calf are very dull; rough Leather is in better demand. We quote:

MILL FEED—Bran is in better supply and easier, while Chopped Feed is firm and higher, in sympathy with the advance on Corn and Oats. Quotable as follows: Bran, $1,20@1,25; Shipstuffs and Seconds, $1,30@1,35; Middlings, $1,45@1,55; Chopped Feed, $1,70@1,75.

MAPLE SYRUP—$1@1,10 for gallon jugs. Maple Sugar, 13@14c ₩ lb.

OILS—Lard Oil is a shade easier in consequence of a slight decline in lard, but prices are still maintained. Miners Oil continues fairly active and may be quoted at 85@88c. Linseed is steady at 80c for western. Carbon Oil continues dull and weak, and may be quoted nominally at 11@11½ cents by the car load.

POULTRY—Market bare of dressed. Live Chickens, by the coop, 65@75c ₩ pair.

PEA NUTS—In better demand; sales of choice Tenn. red nuts at 7@7½, as to quality. Choice white wanted here at 9½@10 cents.

POTATOES—The receipts have been comparatively light during the past week, and with a steady consumptive demand and reduced supply, the general tone of the market is firmer, although there has been no perceptible improvement in prices. Prime Peach Blows fairly quotable at $1@1,02½ on track, and $1,10@1,12½ in a jobbing way from store.

PROVISIONS—Holders are firm in their views, and the general market advanced ⅛@¼ on meats for present and future delivery with considerable sales, at the packing places, for this month, June, July and August, and much more might have been sold had holders been willing to accept the same prices. Lard is ⅛@¼ lower, under reports of a reduced consumption in Europe. No change in meats in our market, but it is believed higher prices will obtain soon. Following are the ruling rates:

RAGS—Quiet and unchanged; regular sales at 2½@3 cts for good mixed, woolen ¾c ₩ lb.

SWEET CORN—5@6c ₩ lb.

SEEDS—Clover Seed quotable at $7.75@8 for medium and $8.75@9 for mammoth. Timothy Seed, $2.50@2.75.

SUMAC—Choice Southern, $90 ₩ ton of 2,402 lbs —4½c ₩ lb in a small way.

TALLOW—Steady at 7½ to 8c for prime country, and 8¼ to 8⅜ for city rendered.

WINDOW GLASS—Trade continues fairly active, the best evidence of which is the large shipments, especially by river, but manufacturers still complain that they are making no money, that current rates afford no margin for profit.

ALLEGHENY LIVE STOCK MARKET —WEEKLY REVIEW.

OFFICE OF THE PITTSBURGH GAZETTE, MONDAY, May 10, 1875.

ALLEGHENY STOCK YARDS.

CATTLE.

The supply was comparatively light, footing up but 680 head, all but three cars of which were from Chicago, close on to 100 head less than that of last Monday; as regards prices, we do not think there was any quotable change one way or the other, but dealers generally reported the market as being slow and unsatisfactory. It was claimed that the Chicago bought cattle, of which the offerings mainly consisted, cost more, and that in addition, they were not equal to those of last week in point of quality; however, while in some instances, sales were made at a slight reduction, we are satisfied that prime butcher cattle brought fully as much, and it is certain if there were any concessions made, it was on the common and medium grades.

Prime to extra butcher cattle quotable at 7¼@7¾; medium to good, 6¼@7; common to fair, 5@6. There were some very fine still-fed Bulls on sale, which, we presume, were sold at from 5@6c. The offerings of stockers were very meagre, but there was no inquiry for them; this character of stock may be quoted at 4@5 cts, according to quality and condition.

Butchers continue to complain of unsatisfactory meat markets, and while they concede that they are better than they were during the lock-out, it is claimed that the consumption has not increased as rapidly as it was expected it would. There is a very general complaining in all branches of the stock business; commission merchants, drovers and butchers appear to be doing little or no good, and the producer is the only exception, the only one engaged in the business making any money. The recent sharp reduction in the cost of transportation, instead of cheapening stock here, added to their cost at the source of supply.

Following shows the number of cattle on sale, the States they were from as well as the names of the owner or shipper:

SHEEP AND LAMBS.

The supply was light, unusually so, about 150 head —scarcely enough to test the market; as might be expected, however, with a very light supply holders were considerably stiffer than last week, and the few on sale brought better prices than the same kind did last Monday. Clipped sheep may be quoted, in a retail way, at 5¾@6c for extra; 5¼@5¾c for prime and 4¾@5c for common to fair. There were no wooled sheep, nor is it likely that there will be from this on. Lambs, of which there were none on sale to-day, may be quoted at $3@4 ₩ head, as to weight and condition.

HOGS.

The market continues dull, the demand appears to be falling off each week, as it nearly always does at this particular time in consequence of the extreme prices and warm weather combined. Sales were reported at 8¼@8½c, gross, although there were some extra heavy which were held at 9c. Retail dealers do not expect to do much until towards the fall.

FRESH COWS.

There were but very few in the market to-day—only 11 head that we could hear of, and these were mostly common in point of quality. Prime to extra milkers may be quoted at $50@65 and fair to medium at $35@45. A. Stakeley reported 3 at an average of $39 ₩ head; H. Nagle 3 at an average of $44, and John ...ecler, 4 at an average of $37½.

VEAL CALVES.

Are coming in more freely, as they nearly always do at this season of the year, but the market, especially for prime veals, continues to hold its own; sales reported at 5½@6 for common to fair and 6½@7 for prime to extra.

PITTSBURGH PETROLEUM MARKET.

OFFICE OF THE PITTSBURGH GAZETTE, MONDAY, May 10, 1875.

The market has weakened again, contrary to general expectation, and as compared with Saturday prices were a shade lower. Crude was quoted at $1,42½@1,45 for immediate shipment, and the reaction will have a tendency for the time being to curtail the demand. Refined also weak and lower; immediate delivery at Connellsville depot, to go to Baltimore, quoted at 10¼, against 10¾@10½ last week; sale of 2,000 bbls, free on Penna cars to go to Philadelphia, at 9c, equal to 10c, taking drawbacks into consideration.

The Barrel trade continues quiet and unchanged; countries, $1,15; city make, $1,30.

Sheep in fair demand; 9,000 head sold at 4½@7½c gross as to condition. Hogs rather dull; 5,000 head sold at $12@13 per 100 lbs net.

ST. LOUIS, May 10.—Hogs dull; shippers 6½@7c; good to choice $7,65@8. Cattle active; sales: good native steers $6; fair $5,65; mixed stock $4,50@4,90; Texans $3,75@4,75.

CINCINNATI, May 10.—Hogs steady and in moderate demand; extreme range 7@8¼c; bulk of sales 7¼@7¾c.

Cotton.

NEW YORK, May 10.—Cotton quiet at 16⅛@16¼c; futures closed quiet and steady; sales of 19,300 bales; May 15 15-16@15 31-32c; June 15 15-16@15 31-32c; July 16 5-32@16 3-16c; August 16 11-32@16⅜c; September 16 3-16@16 7-32c; October 15 21-32@15⅝c; November 15 9-16@15 9-32c; December 15⅜@15 21-32c; January 15⅝@15 25-32c; February 15 15-16@16c.

NEW ORLEANS, May 10.—Cotton: demand moderate; sales 1,600 bales; prices irregular; part of the business at previous rates, but the bulk of it at ⅛c decline; good ordinary to strict good ordinary 14@14½c; low middling to strict low middling 14⅞@15⅛c; middling to strict middling 15½@15⅝c; good middling to middling fair 15⅞@16⅛c; receipts 2,165 bales; exports to continent 3,404 bales; exports coastwise 1 bales; stock 114,542 bales.

Dry Goods.

NEW YORK, May 10.—Business continues quiet with commission merchants and importers, and the jobbing trade is generally slow. Cotton goods move slowly and are irregular in jobbers' hands. Prints are in moderate request, but irregular in price, and jobbers are offering large lines of fancies at 7¾c. Manchester percales are reduced to 14c. Dress goods and shawls are dull. Woolens are rather more active.

DEPARTURES.

Mallie Ragon, Williamson, Wheeling. Salt Valley, Sanford, Ironton.

BOATS ADVERTISED TO LEAVE TO-DAY.

R W. Skillinger, Russell, Ironton, 4 P. M. City of Quincy, Jacobs, St. Louis, 4 P. M.

THE stage of water last evening was five feet six inches and stationary. Weather cool, clear and pleasant, and all that could be desired for out-door business.

COMMODORE W. J. KOUNTZ has returned from St. Louis.

THE towboat Barnard left Wheeling on Saturday for St. Louis.

CHARLES BODMAN, well known in marine circles, died suddenly at Cincinnati yesterday.

THE Rover, of Gray's Iron Line, is announced for St. Louis and the Upper Mississippi forthwith.

THE John Gilmore, My Choice, Coal Valley, Jos. A. Stone and Lion arrived at Cincinnati yesterday.

THE Allegheny was rising at Oil City yesterday, while the Monongahela was reported stationary at Brownsville.

THE Mollie Ebert passed Wheeling all O. K. on Sunday morning, and will doubtless reach Cincinnati this morning.

THE Carrie Brooks and Salt Valley arrived, and the latter boat took her departure as usual. The Brooks takes her departure as usual, to-day, at 4 P. M.

BUSINESS was fair, about all that can be expected in the way of shipments on Monday, but we are in hopes that it will be better this week than it was last.

THE fine passenger packet Exchange, Captain Shuman, is announced for Cincinnati forthwith. She will, as usual, receipt through to all points west and south accessible by river.

THE Keokuk Northern Line is after Diamond Jo. Com. Davidson has placed the Damsel in the Davenport and Keokuk trade, and she will make regular trips between the two cities during the season.

A CAIRO dispatch says:—The Grand Lake No. 2 makes one more trip to New Orleans before being turned over to the Mississippi Valley Transportation Company. They paid thirty thousand dollars for her.

THE St. Paul *P. P.* says:—The Belle of LaCrosse was due yesterday, but some of her machinery became disabled, and she was turned back from LaCrosse. Her trip will be brought up by the Northwestern.

RIVER thieves have been busy for a day or two on the wreck of the Paragon, and have stripped the shafts, etc., of brasses, and in fact everything that could be carried away. The loss is fully five hundred dollars.

THE fine side-wheeler City of Quincy, Captain Jacobs, is announced to take her departure for St. Louis to-day without fail; she offers special inducements to passengers, and affords an opportunity to those going westward that should be taken advantage of. She will receipt through to all points on the upper and lower Mississippi.

THE Cincinnati *Commercial*, of Sunday, says:—Captain J. B. Conway, late of the ill-fated Exporter, arrived from New Orleans last evening, on his way to Pittsburgh. He left New Orleans Thursday evening, and reports only one body found of those lost by the burning of the Kyle, Bodmann and Exporter, up to the time he left.

THE R. W. Skillinger, Captain J. T. Russell, is the regular packet for Ironton and intermediate points to-day, leaving promptly at 4 P. M.; she will receipt through to Cincinnati and Louisville as usual, and passengers and shippers can rely on her leaving promptly as advertised. The Skillinger will also pay special attention to all way business.

CAPTAIN DAVID CAMPBELL, of the Carondelet Marine Railway and Dock Company, has contracted with Captain Williams, of the Sioux City Transfer Company, to build a new boat for them. She is to be 167 feet long, 34 feet beam, and 5 feet hold, 4 boilers, cylinders 20-inch by 6 feet stroke, and to be finished in ninety days from date. The Transfer Company will name her David Campbell.

A ST. LOUIS telegram, under date of Saturday, says:—The Kountz Line is loading the H. C. Yaeger, to leave for New Orleans on Monday, and the Barge Line send out the Kellog with a tow in the morning. The Carroll and Baker Lines have no boats on berth. The owners of the New Orleans tonnage met again this afternoon for the purpose of coming to some understanding about rates, but they failed to accomplish anything. Among the large New Orleans boats which are now lying idle are the Glencoe, Commonwealth, Bismarck, John A. Scudder, Frank Pargoud, and James Howard. Captain Frank Hicks left for Memphis this evening and Capt. William Hambleton returned home to Mound City.

HOME NEWS.

Saloon Keepers Prosecuted in Allegheny.

Chief of Police Ross, of Allegheny, yesterday made information against eleven saloon keepers for selling liquor on Sunday. The warrants will be served to-day.

Fatal Accident.

The Coroner received notice yesterday of the death of August Fogey, which took place at the coal works of George Lysle & Co., a short distance from McKeesport, in Baldwin township. It appears that the unfortunate man was engaged at work with some of the coal cars, when by accident, he was killed. An inquest will be held on his remains this morning.

Temperance.

The regular Tuesday evening temperance mass meeting will be held at the Alliance rooms, corner of Penn avenue and Sixth streets (third floor), this evening, at 7½ o'clock. The subject for discussion will be "Is it proper to harmonize all phases of the temperance work." The attendance at these meetings is rapidly increasing, and the discussions animated and interesting. The discussion is open to all who may feel disposed to participate—either ladies or gentlemen.

Obituary.

It is with much and sincere sorrow that we announce the death of Thomas M. Carlisle, Esq., cashier in the well-known and popular trimming and notion house of his brother, Mr. James D. Carlisle, Fifth avenue. The sad occurrence took place early yesterday morning. The deceased was in his forty-seventh year, and leaves a wife and family to mourn the departure of his useful life. His remains were removed to his native city, Chambersburg, Pa., for interment. He was a gentleman of fine accomplishments, social, genial and charitably disposed in all directions, and his death will cause much mourning to a very large number of personal and business friends.

Verona Borough Financial Matters.

A meeting of the Council of Verona borough was held last Saturday evening, when resolutions were passed declaring all ordinances for borough improvements, and all contracts entered into in that connection, null and void, on the ground that the bonds had been illegally and improperly issued by the borough, which, as the matter stands now, would in no wise be responsible for it. It appears that some of the bonds of the borough have been sent to the eastern cities to be negotiated, which has led to an inquiry as to whether or not they are gold bearing. The authorities declare that all bonds issued after April 20, 1874, are not genuine, but fraudulent.

Weather.

Record from April 5th to May 5th: Cloudy and variable days, nineteen; clear or fair, eleven; rain, ten; snow, six, more or less; freezing and white frosts six; one thunder-storm.

Average daily thermometer 46 50-100; maximum April 8th, 63; minimum 17th, 21; 1874, same days, 43; maximum April 14, 62; minimum 12th inst. 28. 1875 river 7½ feet; 1874, 11 feet. Rainfall 1875, 1 75-100; in 1874 4 80-100.

The indications from May 5th to June 4th twenty-one cloudy and variable days; rain, seventeen; alternate dark, cloudy, raining and growing months, with more than usual amount of thunder storms, and a chance for white frosts 15th to 25th inst. For what is left unharmed by frosts, there is a prospect of luxuriant growth, and healthy spring and summer atmosphere. ***

Pittsburgh, May 10th, 1875.

Another One Secured.

Several days ago Detective Clark, of Allegheny, made two informations before Alderman McKelvey against a boy named George Reese, charging him with entering McGreger's hat store, and also charging him with entering and robbing Brown's furnishing store. He notified the boy's parents, who reside on Fortieth street, but he was not at home, but yesterday his father called on Alderman McKelvey and entered bail for his son for a hearing on both charges on next Saturday. Reese, it is said, was connected with the party who committed the numerous burglaries in Allegheny several weeks ago. These parties, who have been arrested by Detective Clark, are most likely the ones who were so anxiously looked for by the police at the time the burglaries were being committed, as a number of the stolen articles have been found in their possession, and since the first arrest was made no further burglaries have been reported.

Allegheny Water Affairs.

The Water Committee of Allegheny Councils met last evening, Mr. A. D. Smith in the chair.

Bills to the amount of $4,272 were approved, as was the monthly pay roll, amounting to $1,313.98.

The Controller was directed to pay $5,000 to A. Hartupee & Co. on account of the new engine.

The Superintendent of the Water Works was directed to extend the water main on Irwin avenue, from Braddocks street to Beach street, and to connect the pipe with the Benton alley pipe.

The petitions for water mains on Williams street and Sherman avenue were referred to the Superintendent for examination, as was also the petition for water main on Buchanan street.

A sub-committee was appointed to examine into the advisability to lower the old water mains which rise from the old Water Works, so that the pipe can run beneath the Troy Hill road. The committee are also to examine into the propriety of moving the Troy Hill water tank back some distance from the reservoir, so that a clear drive could be made around the reservoirs.

Adjourned.

A BOGUS PAYMASTER.

Arrest of an Alleged Confidence Operator Among Jewelry Stores.

Roberts' jewelry store, on Fifth avenue, near Market street, was visited yesterday by a man who gave his name as Chas. Hubbard, and stated that he was Assistant Paymaster of the Panhandle Railroad. He wanted to purchase a gold ring, and after negotiating for a time with the salesman, he selected one valued at eighteen dollars, and having it charged to him he left. The salesman then went to supper, and soon after Hubbard returned and commenced dickering with Mr. Roberts about buying a gold watch. They discussed the matter without arriving at any conclusion, when Hubbard departed and Mr. Roberts, suspecting that he was not what he represented himself to be, followed him to a number of saloons, and his suspicions having become almost a certainty, he called Officer Swift and had Hubbard arrested. The prisoner was locked in the Central Police Station and will be brought before the Mayor this morning. The ring he had obtained was found on one of his fingers. After his incarceration Detective Messner took an observation of him, and arrived at the conclusion that he is the same man who went to the jewelry store of Robert Kilpatrick, at No. 255 Fifth avenue, a few days ago, and got a silver watch by representing that he was a member of the city police force, and would get his month's salary in a day or two, when he would pay for the watch. Hubbard is minus a finger, and answers the description pretty accurately.

ANOTHER CALL.

The Demands Upon the County Executive Committee—Members of the Committee Ask That Another Meeting be Held—A Fresh Evidence of the Sentiment of the Masses.

The subjoined call is self-explanatory and needs no special comment. It comes from members of the County Executive Committee, and is another evidence that the action of the Committee at its last meeting does not meet with favor. Allegheny has very emphatically made her demand, and now from the ranks of the Committee, this demand is seconded. The feeling, however, is not confined alone to the cities. We are in receipt of communications from prominent workers in the country districts, all of which are equally emphatic in their expressions of disapproval of the Committee's action.

Thus far, although there have been many rumors on the streets, there has been no definite action taken by the proper officers toward another meeting, or a convention, and there seems to be a disposition to pay no attention to the demands thus made. The managers may deem this policy of masterly inactivity very shrewd and wise, but they will wake up to see their mistake, some day. The people are not in a humor to be thus trifled with, and if their expressed wishes are thus treated with contempt, a day of reckoning will come, that will teach the astute statesmen who assume to control the party, just what small circumstances they are.

In the meantime, Alleghenians, if the committee does not rescind its action, in pursuance of the resolutions passed at their meeting, will hold their primaries and chose their own delegates without regard to the committee. It is also said that this will be done in the county districts.

But to the call which was handed to Chairman Fulton on Saturday and which reads as follows:

PITTSBURGH, South Side, May 4, 1875.

Hon. Samuel P. Fulton, Chairman County Executive Committee:

RESPECTED SIR.—We, the undersigned, members of the "County Executive Committee," and members of the "Republican Party," to harmonize and to effect a unity in said party, do respectfully request you to call a "*Convention*" for the purpose of selecting delegates to the *State Convention* to meet at Lancaster, May 26, 1875. An early answer to the above petition is requested through the city press to the undersigned:

Regular Meeting Yesterday.

A Dull Session—Clearing the Desks of Old Business—A Debate on the Railroad Ordinance—The Question as to a Contract With the Monongahela Water Company—The Pay of the Revisors.

Pittsburgh Councils held a regular meeting yesterday afternoon.

SELECT COUNCIL.

A. H. GROSS....................President.
E. S. MORROW....................Clerk.

At twenty minutes past two o'clock Clerk Morrow called the roll in this branch, when the following members answered: Messrs. Ahlborn, Aiken, Arnholt, Atkinson, Atterbury, Ballentine, Barckley, Braun, Breed, Brown, Bruce, Carr, Chislett, Clemens, Dannels, B. Darlington, H. Darlington, Doyle, Epping, Evans, Froehlich, Herron, Holliday, Hunter, Jeremy, Keebler, Kerr, Liddell, Littell, Meyer, Moore, Murray, McCandless, McCombs, MacConnell, McClurg, McGimpsey, Noble, O'Neil, Ray, Scully, Shipton, Taylor, Vierheller, Weldon and President Gross.

In the absence of President Gross, Mr. David Aiken, of the Twentieth ward, was called to the chair.

The minutes of the preceding meeting were read and approved.

After the reading of the minutes President Gross made his appearance and the chair was vacated by the temporary President.

Mr. McCONNELL moved that the orders of the day be suspended for the purpose of taking up unfinished business.

The following business was then disposed of: Report of Viewers on Try street sewer approved; C. C. S. C. concurred; report of Viewers on opening of Second avenue; C. C. approved; in S. C. Mr. SCULLY presented a remonstrance; both papers were referred back to the viewers.

PETITIONS, &C.

Mr. BRAUN, petitition for sewer on Stevenson street. Referred.

Also, petition for the adoption of Spalding's gas burner. Referred.

Mr. HERRON, Ordinance for grading, paving, and curbing of Union street. Referred.

Also, resolution directing the Manchester Passenger Railway Company to proceed at once with the repairing of Sixth street. Passed.

Also, resolution for abatement of nuisance at the Point. Passed.

Also, resolution directing the removal of obstructions on Duquesne Way, between Sixth and Water streets. Passed.

Mr. DANNELLS, petition for establishment of grade on Linden street. Referred.

Mr. BREED, resolution directing the paving of the intersection of Fifth avenue and Jumonville street. Referred.

Also, resolution granting use of part of Allegheny wharf to the Industrial Institute. Referred to City Solicitor in connection with the Wharf Committee.

Mr. CHISLETT, petition from B. F. Pearson for permission to erect frame kitchen. Referred.

Mr. LITTELL, remonstrance against change of grade on Brady street. Referred.

Mr. BRUCE, petition of Joseph Parker for damages for opening of Center avenue. Referred.

Mr. EVANS, petition for restoration of original grade of Sylvan avenue extension. Referred.

Mr. SCULLY, petition for opening of Notley street. Referred.

Also, petition in reference to opening of Fifth avenue. Referred.

Mr. McCLURG, an ordinance to prevent peddling through the streets. Referred.

Mr. BRAUN, an ordinance providing that the contracts for newspaper printing, job printing, stationery, be let by the Printing Committee; the contracts for fuel to be let by the Committee on City Property, except the fuel to be used by the Water Department, which contract should be let by the Water Committee. Referred to Ordinance Committee.

Mr. ATTERBURY, petition for opening of Mary street. Referred.

Also, petition for sewer on Twenty-fifth street, South Side. Referred.

FINANCIAL.

Mr. SHIPTON, from the Committee on Finance, presented a report, showing that a judgment had been obtained against the city, to the amount of $1,775.16, in favor of B. J. Bradley, for balance due on erection of Greenfield avenue bridge.

The Committee reported a resolution authorizing a warrant for the same.

Report received and the resolution passed.

The Chair presented the opinion of the City Solicitor, in reference to the claim of Mr. C. B. Mowry to a seat in Council in place of Mr. Charles Jeremy. The City Solicitor held that Council was the judge of the qualifications of its own members. The opinion then recited the facts, and concluded that there was no vacancy at the time Mr. Mowry claims to have been elected—because there could be no vacancy until Councils had taken official action in the matter, and second, that the action of Councils in administering the oath to Mr. Jeremy settled his claims finally. Received and adopted.

Mr. HUNTER offered a resolution for the furnishing of ice for use in City Hall. Referred.

THE RAILROAD ORDINANCE.

Mr. AIKEN called up the report of the Committee on the Railroad ordinance which had been pending in Select Councils for nearly two months.

Mr. BRAUN opposed the consideration of the ordinance until there was a full attendance of members. He thought it was hardly fair to take advantage of the absence of many members interested in it.

Mr. AIKEN said he did not desire to take any advantage, but called the matter up because he had been requested to do so by members of Common Council, who stated there were several important ordinances in that branch which could not be disposed of until the Select Council had taken final action on the Railroad ordinance.

Mr. O'NEILL moved to postpone for two weeks.

After a lengthy debate, in which the merits of the question were again gone over, Mr. AIKEN accepted the motion of Mr. O'Neill, and the motion to postpone for two weeks was passed.

Mr. SHIPTON presented an ordinance for the refunding of over-paid taxes to those property owners in the East End, who had paid the full tax, but afterward by a decision of the Supreme Court, were entitled to a refunding of one-third. Referred.

Mr. EVANS moved that the railroad ordinance be made the special order for the next meeting at the hour of three o'clock. Carried.

Mr. DANNELLS called up the ordinance with reference to the grade of Locust street. Laid over until next meeting.

Adjourned.

COMMON COUNCIL.

W. B. NEGLEY....................President.
GEORGE BOOTH....................Clerk.

The President rapped this branch to order at a quarter past two o'clock and upon the calling of the roll the following members were found to be present. Messrs. Aull, Boucher, Connelly, Cuthbert, Conway, Fulton, Fox, Frank, Finnerty, Glass, Hahn, Hogle, Hughes, Kerr, Laughran, Mears, McNamara, Powers, Pauline, Rowswell, Rolfe, French, Siebert, Thompson, Wainwright and President Negley.

The reading of the minutes of the previous meeting was dispensed.

NEW BUSINESS.

The following petitions were presented by members.

Mr. Fulton, resolution authorizing the payment of $331.31 to N. Freyoogle, Jr. for castings &c. furnished in the construction of Luke's Run sewer. Passed.

Mr. Mears, remonstrance against a sewer on Bedford avenue. Referred.

Mr. Kerr, petition of Ernest Airiny for a reduction of valuation. Referred.

Mr. Fox, petition of McCullough, Dalzell & Co. for permission to erect frame additions. Referred.

Also, petition of W. I. Stewart for abatement in taxes. Referred.

Mr. CONNELLY, remonstrance against the grading of Charles street. Referred.

Mr. AULL, petition for the vacation of Finley street, from Lincoln avenue to Lake street. Referred.

Mr. FRANK, ordinance granting E. Wormser the right to erect a stone wall on Sylvan avenue. Referred.

Also, petition for a gas lamp on Second avenue. Referred.

Mr. CONWAY, petition for a crossing on Twelfth street, South Side. Referred.

Mr. GLASS, resolution for the improvement of Soho run in such a way as to protect property from damage by high water. Referred.

STREET COMMITTEE REPORT.

Mr. FULTON presented the report of the Street Committee, which was received and filed, and the following accompanying ordinances were disposed of:

Ordinance opening Sassafras alley, from Twenty-seventh to Thirtieth street. Postponed.

Ordinance for the paving and curbing of Shingiss street, from Old avenue to Locust street.

Mr. MEARS presented a remonstrance against this ordinance and both were referred back to the Committee.

Ordinance for the opening of Sycamore street, from Washington street, Thirty-second ward, to Mattern street, Thirty-fifth ward. Passed.

Ordinance for a sewer on Mulberry alley, from Thirty-second street to the sewer on Thirty-third street. Passed.

Ordinance for the opening of Mt. Oliver street, from Plane avenue to the city line. Passed.

Ordinance establishing the grade of Thirty-fourth street, South Side, from Sarah street to Jane street. Passed.

Ordinance for the opening of McCandless avenue, from its eastern intersection with Stanton avenue to the Allegheny river. Passed.

Ordinance authorizing the P. V. & C. R. R. to use Short street, Thirtieth ward, and requiring it to erect and maintain a stone archway along said street. Passed.

Ordinance amending an ordinance entitled "An ordinance altering the grade on Second street" and for other purposes, passed Aug. 16, 1858. Passed.

Ordinance releasing the Pittsburgh and Connellsville Railroad Company from certain obligations imposed by the above named ordinance of Aug. 16, 1858. Passed.

Ordinance for the grading, paving and curbing of Magee street, from Locust street to Bluff street. Postponed.

The report of the Survey Committee, presented by Capt. Aull, was read and placed on file, and an ordinance submitted by him for the vacation of a portion of Lake street, Twentieth ward, north of Lincoln avenue, was passed finally.

The April report of the Police Committee, submitted by Mr. Thompson, was received and filed.

Mr. FRANK, from the Committee on Claims and Accounts, presented an ordinance for the assessment of benefits and damages caused by the grading of Second avenue, from Cross street to the railroad crossing near Glenwood. Passed.

THE SOUTH SIDE WATER SUPPLY.

Mr. THOMPSON, from the special committee to which was referred the resolution requesting the City Attorney to make a contract with the Monongahela Water Company to furnish the hill wards of the South Side with a supply of water, submitted a report accompanied by an opinion from the City Attorney, in which he states that a careful examination of the city charter and constituent acts with reference to the power of Councils to accept a lease of the works and franchises of the Monongahela Water Company, does not disclose any authority in the Councils that would enable them to enter into such an agreement. He also examined the charter of the Monongahela Water Company and did not find in it any authority for the execution by that company of the lease proposed to the city. The proposition to Councils will therefore have to be declined. The request by the same Company for the exclusive privilege to lay and maintain water mains in the streets of that portion of the city south of the Monongahela river cannot be given as it is beyond the power of Councils. The Councils do not have the express power to grant the request and under the act of 1867, authorizing the construction of a water works, it could not be done as it would be encroaching upon the exercise of the powers of the corporation by the Councils in the future.

THE COMPANY HAS FULL POWER.

The report of the Committee concluded by stating that, from the opinion of the City Attorney, it appears that the city cannot legally make such a contract as is recommended by the resolution, nor any other by which the same object could be effected. The Water Company, however, has full power under its charter and its supplements to lay their pipes in all parts of the city, south of the Monongahela river, and do not need any contract with the city, nor any grant of power from it to enable it to supply those hillwards with water if it desires to do so. The new water works now in process of construction will, when completed, be of sufficient capacity to supply the whole city, including the South Side, with water, and have been thus far constructed with that intention. The Committee are of the opinion that that intention should be carried out and the South Side supplied from the new water works as soon as practicable. This appears to be all that the city can legally do and should satisfy the citizens of the South Side, as there are large portions of the city besides that are subject to the same burden of taxation, and which are waiting until the completion of the new works for their water supply. The Committee therefore recommend that the resolution be indefinitely postponed.

At the request of Mr. Boucher the report was laid over for final disposition at the next meeting.

Mr. FULTON, from the special committee, reported in favor of increasing the accommodations for reporters and submitted a resolution to that effect, provided the alterations do not cost over $125. The report was received and the resolution adopted.

PAY OF THE REVISERS.

When the report of the Finance Committee, recommending the payment of the members of the Board of Revision, came up, City Assessor Phelps made a statement in which he said that the members who are credited with over twenty-one days' attendance composed a Finance Committee of the Board, which is provided for by section 6 of the original equalization ordinance, and which the supplementary ordinance does not affect. This Finance Committee performed duties which, had the entire Board attended to them, would have cost the city $160 a day.

At the conclusion of Mr. Phelps' remarks Mr. Glass said that he had been informed that Mr. McIlheny, who acted as a member of the Board from the Eighth ward, was not a resident of the district he represented.

Mr. PHELPS replied that the Board had no official knowledge that Mr. McIlheny did not live in the ward he represented, and the question was never officially brought before the Board, but he knew, of his own personal knowledge, although he wished it to be understood that he did not state it officially, that Mr. McIlheny was living in the Thirteenth ward when he represented the Eighth.

Mr. BOUCHER said that if it was proposed to investigate the matter it might be well enough to ascertain the truth of the reports that other members of the Board were disqualified from acting upon it because of their holding positions which should have incapacitated them from filling any other.

On motion of Mr. Powers the matter was laid over until the next meeting.

A large amount of business from Select Councils was concurred in.

Mr. THOMPSON presented an ordinance for the grading, paving and curbing of Union street, from Fifth avenue to Liberty street. Referred.

Adjourned.

POLITICAL NOTES.

The Shrievalty—A Quartette of Candidates.

Since the settlement of the time for holding the primary meetings and the County Conventions, there has been considerable activity among the candidates for the various offices, and every man is doing his "level best" to improve each shining hour before the last day of grace rolls around. The time is comparatively short, but the candidates are making up for lack of a super-abundance of time by making the work warm, and thus the campaign for the nominations gives evidence of being sharp and decisive as it is short.

Heading the list of important offices to be filled at the next election is that of Sheriff, for which a quartette of candidates has been announced. Each of the gentlemen named, has many friends, and the canvass is decidedly interesting.

Mr. S. B. Cluley, was we believe the first to announce himself. Mr. Cluley is at present attached to the Sheriff's office, and has been connected with it for several years. He filled the position of Sheriff at one time, and performed the duties of the office in a most satisfactory manner. He was first appointed to fill out an unexpired term, and subsequently elected for a full term. He thus became thoroughly conversant with the duties of the office, and by his accurary and sauvity, won the confidence and respect of all who had business at the office. He fulfills the Jeffersonian test in every way.

Mr. W. J. Diehl was the next candidate who came before the people. Mr. Diehl, though a young man, is full of life and energy, and in several public positions he has given evidence of rare executive and clerical ability. He was for a number of years chief clerk in the Sheriff's office, and thus became perfectly versed in all the details of the business transacted there. His natural capacity, as well as his experience in the office, make him fully competent to faithfully and honestly fulfill the duties of the position for which he is urged by his friends.

Mr. Richard H. Fife is well known in the community, and is popular wherever known. He ran for the office once before this, and came near being successful. He has been attached to the Sheriff's office for a number of years in the capacity of Deputy Sheriff, and perfectly understands what is needed in the position. His past record as an official is one that is marked for its faithful attention to duty, and is a record of which any public man might be proud. His friends base his claims to the office on the fact of his genuine merit, and hold that he cannot be discounted for experience and ability.

Mr. Thomas W. Lindsay completes the quartette. Mr. Lindsay, unlike the other three, has had no practical acquaintance with the duties of the Sheriff's office, but has held the office of Meat Inspector for several years, and in that capacity has given evidence that he can be trusted. The delicate duties of his office have been discharged in a manner that left no ground for complaint. He has always been up to the mark, and is a gentleman with whom it is a pleasure to have business intercourse. If faithfulness in one position is an evidence of merit for another, Mr. Lindsay certainly has good claims for a promotion to the office of Sheriff.

With the quartette thus enumerated the canvass has thus far been pretty warm, and is bound to increase in fervor until the close. As yet, it is not possible to fairly predict who will go through. Each candidate has a host friends, all of whom are working, and each is confident of success. At all events the field is likely to be thoroughly worked over, and the successful contestant will have the satisfaction of beating three good men.

SPRING AND SUMMER HATS.

At Fleming & Oglevee's One-price Hat House.

Messrs. Fleming & Oglevee have now on exhibition and offer the public an immense array of hats of all the latest styles—beautiful dress hats of silk, felt, cassimere, etc., at their great and popular one-price house, No. 139 Wood street, where every man should call if he wants the latest styles and best hat at least cost.

The firm announces a new invoice they are now opening the finest line of summer goods of straw and other desirable fabrics for men, boys and children ever brought to this city.

"All those who desire to see the latest styles are cordially invited to call and inspect our stock, and learn our prices; whether they purchase or not, they will be kindly treated." FLEMING & OGLEVEE, 139 Wood street, Pittsburgh.

Chautauqua Ice.

Lake Chautauqua is fed by mountain streams of clearness, freshness and purity, and a chemical analysis of its waters prove that no waters on the face of the globe will compare with it in freedom from decaying animalculae and animal debris, and therefore it is safe to say that the ice of the lake is strictly pure, freshly luxurious, and entirely free from all taint of animal matter. Being far beyond the oil regions, no disagreeable taint attaches to it from that source. It is as much better than river ice or pond ice as a mountain stream is fresher and purer than the waters of a bog or swamp. See advertisement on first page.

The case of T. J. Bacon vs. the Germania Savings Bank, previously reported, is still on trial before Judge Kirkpatrick.

John McGinnis vs. John Appel, Adam Appel and William Rogers; action to recover for alleged negligence in the kindling of a fire, by which a store room belonging to plaintiff in West Pittsburgh was burned. On trial. This action grew out of a conflagration which took place on the 29th of May, 1874, in East Temperanceville. The plaintiff avers that the fire was caused by placing benzine and rosin on the stove by the defendants, which exploded, communicating with a quantity of the same material which was stored in the room. He further alleges that it was the custom of the defendants to keep a lot of inflamable matter in their paint shop, and that on account of the fire caused by their alleged negligence, he lost property to the amount of $8,000, for which he brings suit.

CLAIMS HER DOWER.

A suit was begun in the Common Pleas Court No. 1, yesterday by Martha McDonald vs. James H. Sewell for her dower in a lot on North avenue, Allegheny. A summons was issued.

TEMPERANCE CONVENTION.

Meeting of Ministers Yesterday—Arranging for the National Convention.

Yesterday morning a meeting of ministers was held at the Alliance Rooms to take some action with reference to the National Temperance Convention, which is to be held in this city to-morrow and Thursday, when the following outline of a programme was agreed upon:

The Convention will assemble at Dr. Howard's Church at ten o'clock Wednesday morning.

It was decided to continue the sessions of the convention two full days. The address of welcome will be delivered by Rev. E. E. Swift. Rev. S. J. Stewart, of Ohio, will entertain the audience on Wednesday evening upon the subject of "The crusade, its workers, and results." On Thursday morning the subject of "The importance of practical working in the temperance cause," will be handled by Rev. Hiram Miller, and on the evening of the same day, Rev. B. F. Brooke, D. D., will discourse upon "The importance of united Christian efforts in the cause."

The committee of ten appointed to provide entertainment for the delegates, reported that arrangements have been completed for their accommodation.

A large number of ministers from distant points have signified their intention of being present. Among the lady speakers will be Mrs. Reese, Steubenville, Ohio; Mrs. Wittemyer, Prest. National W. C. T. U., Philadelphia; Mrs. Mary E. Irwin, Lebanon, Pa.

The Pittsburgh Opera House has been secured for next Sabbath afternoon and evening, at which time religious services will be held by the Temperance Alliance.

In view of the coming National Temperance Convention, which meets in this city on Wednesday and Thursday, the public are earnestly requested to send in donations of money, eatables, or anything, to add to the occasion—to the Alliance Rooms, where the Committee will be in waiting to receive gratefully all that may be sent.

····Yesterday morning a colored man afflicted with the small-pox was sent to the hospital. He had previously perambulated the Allegheny city buildings in search of Health Officer Hoch, and finally settled himself for a couple of hours in the Health office awaiting Christopher's arrival. The officials in the building are opposed to having walking pest houses thus brought within reach of them, and they are emphatic in their demands for a change in the programe of operations adopted by the Sanitary Bureau of the city.

····The Mayor yesterday imposed a fine of twenty-five dollars and costs on Charles Weaver for hindering and impeding an officer while in the discharge of his duty. A few nights ago patrolman Poorman, of the Thirtieth ward, went into a South Side saloon where a row was in progress, and undertook to arrest one of the combatants. Weaver interfered, and told the officer in very emphatic terms that he couldn't take any one out of that saloon. However, he took his man, and Weaver was afterward taken too and paid the sum named for his trouble in interesting himself in other people's business.

PERSONAL.

***The Garber Brothers had a good benefit last night.

***Mr. James H. Little, a veteran of 1812, died yesterday morning at Sewickley in the 86th year of his age.

***Mrs. Black has resigned her position as President of the W. C. T. U., and Mrs. Samuel Allinder now fills the chair.

***We are sorry to learn that Mr. John Canon has resigned the news agency at the Union Depot. Mr. Canon has been in the employ of Messrs Riley and Sargent for sixteen years, seven in this city and nine in Philadelphia. In our business relations with Mr. Canon for seven years we have ever found him the very personification of promptitude, reliability and courtesy, and we heartily wish him success wherever he may go.

desire to call attention to their large and varied stock of Lace Curtains, consisting of Nottingham Lace, Ecru Guipure Lace, French Guipure Lace, French and Swiss Tambourd Lace, embracing many new and handsome designs, which are offered at extraordinary low prices. HUGUS & HACKE, Fifth avenue and Market street.

What to Wear—Jennie June.

The authority on fashion has said that ladies give too much attention to their dry goods *personnel*, to the neglect of their feet, and those who wish to oppose this theory should at once visit the extensive Boot and Shoe House of R. Taggart, No. 129 Federal street, Allegheny, and examine the neat and dressy assortment of ladies Boots and Shoes just received. Here is where you can get a comfortable fit, as the same number of shoe is made on several different widths of last, and nowhere can you get them cheaper. A fit as neat as if made to order at half the price.

Flowers, Lawn Vases and Rustic Work

If you wish to beautify your garden call at E. H. Bochmann's, 132 Smithfield street, for roses, hardy, monthly, moss and climbers.

Bedding plants of all descriptions, ornamental vines and creepers.

Lawn vases and rustic work with plants to fill them handsomely.

Do not forget the place, E. H. Bochmann's, 132 Smithfield street.

Attend the Great Hardware Sale

To-day, commencing at 10 A. M. and continuing until the entire stock is closed out. No. 124 Federal street, Allegheny.

Will Last a Lifetime.

The Artificial Stone manufactured by Straub & Blunck, No. 71 Federal street, Allegheny, is vastly superior to any other article for the paving of side walks, cellar floors and vaults. It is very durable, being equal to the heaviest pressure and can be made novel in design and very ornamental.

The lawn vases manufactured by N. U. Walker & Co., No. 372 Penn street, are more durable than iron and much better for preserving plants and flowers, and very much cheaper.

AMUSEMENTS.

Pittsburgh Opera House.

This evening is the occasion fixed for the benefit of Messrs. Wm. F. Owen and Edwin Price, of the Opera House company. They certainly deserve, and we have no doubt they will receive, the compliment of a full house. Every seat should be taken, for the performance will be unusually good, because of the extra exertion which has been made to have it run smoothly and satisfactorily, not mentioning the merit of the drama. The play selected for presentation is "Money," in which Mr. Lewis Morrison, who is now an established favorite here, and a finished and polished actor, rapidly rising in his profession, will appear as *Alfred Evelyn*. Lawrence Barrett personated this character during his late engagement in this city, and doubtless many of a critical or observing disposition would like to compare the rendition of Mr. Morrison with the representation of Mr. Barrett. Mr. Owen will sustain the part of *Graves*, a character which he interpreted so well that he fully and fairly divided the honors with Mr. Barrett. Mr. Price is cast for the *role* of *Frederick Blount*, which he thoroughly understands. Mr. Ellsler was to have enacted the part of *Sir John Vesey* but the severe illness of his daughter Effie will doubtless prevent him from doing so.

The benefit of the Garber Brothers last night was very well attended, considering the uncertain state of the weather.

Library Hall.

The attendance at Library Hall last night upon the occasion of the complimentary testimonial given to Mr. Henry E. Abbey, was a flattering tribute of esteem from the patrons of the drama in Pittsburgh, for the beneficiary, as well as a recognition, of the extraordinary merits of a programme which embraced three such stars as Lotta, Locke, and Adams. It was a foregone conclusion, however, several days ago that the audience would be a large one, and correspondingly select, for from the first announcement of the proposed entertainment there was a flutter in amusement circles, and a great desire everywere among the play-goers, to make the testimonial a worthy compliment to a gentleman, who has many friends in Pittsburgh. This desire was manifested in the great rush for seats. On Thursday morning last the sale of reserved seats was commenced, and before evening every seat in the parquette and dress circle had been disposed of, as well as those in the two front rows in the balcony. The first pressure being thus over it was supposed that there would be less anxiety, but the late comers determined to make secure their seats, and so the balcony was rapidly disposed of. As a consequence the hall was densely packed last evening with an audience that for beauty, fashion, and intelligence, was one of the most conspicuously brilliant that has ever gathered in the place, while outside, on both sides of Penn avenue and Sixth street for several squares, the lines of carriages ranged in close order indicated that the Jehu's had reaped a rich harvest. The jam inside the hall, was a forcible reminder of a Grugh ovation,—every seat being taken up stairs, and down, and every inch of room being taken up by those who came late, and "stood around." Considering the fact, that this is the fog end of the amusement season, and that the weather was anything but propitious, such an audience was something in the line of the extraordinary.

The programme embraced first the comedy of "Wild Oats" with Mr. Adams as *Rover*, Lotta as *Jane Gammon* and Locke as *Sim*. Adams has made the character of *Rover* a specialty and confessedly has no equal in it—an assertion which the audience last night would have endorsed with enthusiasm. As *Sim* Mr. Locke appeared to excellent advantage and made a decided hit. It was Lotta's first appearance in the character she essayed, but she exhibited the same piquancy and charming grace that has always characterized her. She seemed to be perfectly at home, and played with as much freshness and naivette as though she had made the character a life study.

The second piece was the farce of "Nan, the Good for Nothing," with Lotta as *Nan*, Mr. Locke as *Tom Dribbles* and Mr. Adams as *Harry Dorimer*. This was Mr. Adams' first appearance in the character of *Dorimer*, and as it is somewhat different from his usual line, it was rather more difficult for him than the other character he assumed. He succeeded, however, in presenting it in a manner that left little for adverse criticism, and gave very frequent evidences of the genius which he possesses. Locke as *Dribbles* was about as good as the original could have been, and Lotta as *Nan* was bright and sparkling, and as full of vivacity as a canary bird. The support rendered by the company was fair, and the programme moved off without a jar.

A pleasing interpolation between the plays was a little sketch of "Twilight in the Park," in which Misses Nellie and Hattie Irving appeared and won a good share of applause.

The stars were successively called before the curtain. Mr. Adams came first, and made a neat speech complimentary of Mr. Abbey and returning thanks to the friends who had so signally complimented him by their presence. Lotta was next called to the front, but contented herself with bowing an acknowledgement to the applause. Locke was then called for, but he was not forthcoming and Lotta made her appearance to apologize—saying that he could not be found, and possibly had gone out to see a "gentleman friend."

The speech-making thus pleasantly concluded the entertainment, which was exceptionally enjoyable, and was one which pecuniarily and every in other way was a happy success.

The Germania Orchestra.

The eleventh concert of this orchestra will be given in Library Hall next Friday afternoon at three o'clock. It seems hardly necessary for us to offer any words of commendation in regard to the coming entertainment, as the previous performances of this organization have been of such a character as to give it favor among the lovers of amusement. The Germania Orchestra has constantly been growing more popular, as has been attested by the increase in the size of the audiences which have greeted it at each successive concert. The programme which will be presented next Friday, is one of rare attractiveness and will doubtless be rendered in a style which will be eminently satisfactory to those attending.

Tony Pastor.

The mere announcement that Tony Pastor and his unrivalled troupe will appear at Library Hall, on the 17th, 18th and 19th inst., will be hailed with delight by amusement-seekers generally. Their engagements are such that they can only remain here for three evenings and a Wednesday matinee.

Prof. Fowler.

Prof. O. S. Fowler delivered his first free lecture last night at Lafayette Hall, on "Life and its Possibilities," to a fair audience. The second address will be delivered to-morrow evening at the same place. Mr. Fowler can be consulted at the Monongahela House from 8 A. M. to 10 P. M.

Musical Education.

Mr. Pease will deliver a free lecture on Musical Education, illustrated by young children, at the Second Presbyterian church (Dr. Howard, pastor,) on this (Tuesday) evening, at 7½ o'clock. Parents and educators are especially invited.

Arthur Palmer's Benefit.

The benefit tendered Mr. Arthur Palmer, the scenic artist of the Opera House, comes off to-morrow night, when "Hamlet" will be played.

Trimble's Varieties.

The new stars are attracting much attention from lovers of variety amusement and were greeted with a full house last evening. The programme is a rich one.

European Steamship Arrivals Reported Yesterday.

Dispatches received at Max Schamberg's European Steamship, Exchange and Telegraph Office, at 163 Smithfield street, announce the arrival of the steamer City of Berlin, at New York; steamer Celtic, at New York; steamer Pommerani, at Plymouth; steamer City of Chester, at Queenstown; steamer Abyssinia, at Queenstown; steamer Caspian, at Baltimore; steamer Indiana, at Lewes; steamer Illinois, at Queenstown.

PIMPLES, ERUPTIONS, ROUGH SKIN.

The system being put under the influence of Dr. Pierce's Golden Medical Discovery for a few weeks, the skin becomes smooth, clear, soft, and velvety, and being illuminated with the glow of perfect health from within, true beauty stands forth in all its glory. The effects of all medicines which operate upon the system through the medium of the blood are necessarily somewhat slow, no matter how good the remedy employed. While one to three bottles clear the skin of pimples, blotches, eruptions, yellow spots, comedones, or "grubs," a dozen may possibly be required to cure some cases where the system is rotten with scrofulous or virulent blood poisons. The cure of all these diseases, however, from the common pimple to the worst scrofula, is, with the use of this most potent agent, only a matter of time. Sold by dealers in medicines.

COVERED WITH ERUPTIONS. CURED.

CLAVERACK, Columbia Co., N. Y.

DR. R. V. PIERCE, Buffalo, N. Y.:

Dear Sir:—I am sixty years of age, and have been afflicted with Salt Rheum in the worst form for a great many years, until, accidentally, I saw one of your books, which described my case exactly. I bought your Golden Medical Discovery, and took two bottles and a half, and was entirely cured. From my shoulders to my hands I was entirely covered with eruptions, also on face and body. I was likewise afflicted with Rheumatism, so that I walked with great difficulty, and that is entirely cured. May God spare you a long life to remain a blessing to mankind. With untold gratitude,

MRS. A. W. WILLIAMS.

YESTERDAY'S Cincinnati *Gazette* says:—Captain J. B. Conway, of the Exporter, passed through the city en route to Pittsburgh, Saturday. Up to Thursday evening, the time when he left New Orleans, but one body had been recovered from the river. This was a colored man, whose body was found about twelve miles below the scene of the late disaster. Captain Conway reports James Rees, Jr., Wash. Floyd, and Mr. Musgrave still watching for bodies.

Practice versus Theory.

The theory of disease accepted by physicians is, that symptoms are merely sympathetic indications of its existence, and have in most instances little or nothing to do with fixing its locality. Their practice, however, is diametrically opposed to their theory, for they administer medicines which affect symptoms only. The remarkable cures of dyspepsia, sick headache, constipation, rheumatism, general debility, urinary and kidney troubles, and malarial fevers, wrought by Hostetter's Stomach Bitters, could never have been accomplished by remedies which addressed themselves merely to the removal of any one of the manifold and complicated symptoms to which those maladies give rise. Acting, as the Bitters do, directly upon the stomach and tributary organs, overcoming their irregularities and endowing them with renewed vigor, they control, as it were, the springs of vitality, purifying and giving them fresh impetus, and dispersing all those harrassing symptoms which proceeded from their misdirection or contamination.
